Consolidated Appropriations Act of 2021 Notice

Consolidated Appropriations Act of 2021 (CAA)

The Consolidated Appropriations Act of 2021 (CAA) is a federal law that includes the No Surprises Act as well as the Provider transparency requirements that are described below.

Surprise Billing Claims

Surprise Billing Claims are claims that are subject to the No Surprises Act requirements:

- Emergency Services provided by Out-of-Network Providers;
- Covered Services provided by an Out-of-Network Provider at an In-Network Facility; and
- Out-of-Network Air Ambulance Services.

No Surprises Act Requirements

Emergency Services

As required by the CAA, Emergency Services are covered under your Plan:

- Without the need for Precertification;
- Whether the Provider is In-Network or Out-of-Network;

If the Emergency Services you receive are provided by an Out-of-Network Provider, Covered Services will be processed at the In-Network benefit level.

Note that if you receive Emergency Services from an Out-of-Network Provider, your Out-of-Pocket costs will be limited to amounts that would apply if the Covered Services had been furnished by an In-Network Provider. However, Out-of-Network cost shares (i.e., Copayments, Deductibles and/or Coinsurance) will apply to your claim if the treating Out-of-Network Provider determines you are stable, meaning you have been provided necessary Emergency Care such that your condition will not materially worsen and the Out-of-Network Provider determines: (i) that you are able to travel to an In-Network Facility by non-emergency transport; (ii) the Out-of-Network Provider complies with the notice and consent requirement; and (iii) you are in condition to receive the information and provide informed consent. If you continue to receive services from the Out-of-Network Provider after you are stabilized, you will be responsible for the Out-of-Network cost shares, and the Out-of-Network Provider will also be able to charge you any difference between the Maximum Allowed Amount and the Out-of-Network Provider's billed charges. This notice and consent exception does not apply if the Covered Services furnished by an Out-of-Network Provider result from unforeseen and urgent medical needs arising at the time of service.

Out-of-Network Services Provided at an In-Network Facility

When you receive Covered Services from an Out-of-Network Provider at an In-Network Facility, your Out-of-Pocket costs will be limited to amounts that would apply if the Covered Service had been furnished by an In-Network Provider. However, if the Out-of-Network Provider gives you proper notice of its charges, and you give written consent to such charges, claims will be paid at the Out-of-Network benefit level. This means you will be responsible for Out-of-Network cost shares for those services and the Out-of-Network Provider can also charge you any difference between the Maximum Allowed Amount and the Out-of-Network Provider's billed charges. This Notice and Consent process described below does not apply to Ancillary Services furnished by an Out-of-Network Provider at an In-Network Facility. Your Out-of-Pocket costs for claims for Covered Ancillary Services furnished by an Out-of-Network Provider at an In-Network Facility will be limited to amounts that would apply if the Covered Service had been furnished by an In-Network Provider. Ancillary Services are one of the following services: (A) Emergency Services; (B)

anesthesiology; (C) laboratory and pathology services; (D) radiology; (E) neonatology; (F) diagnostic services; (G) assistant surgeons; (H) Hospitalists; (I) Intensivists; and (J) any services set out by the U.S. Department of Health & Human Services.

Out-of-Network Providers satisfy the notice and consent requirement as follows:

1. By obtaining your written consent not later than 72 hours prior to the delivery of services; or
2. If the notice and consent is given on the date of the service, if you make an appointment within 72 hours of the services being delivered.

Out-of-Network Air Ambulance Services

When you receive Covered Services from an Out-of-Network Air Ambulance Provider, your Out-of-Pocket costs will be limited to amounts that would apply if the Covered Service had been furnished by an In-Network Air Ambulance Provider.

How Cost Shares Are Calculated

Your cost shares for Surprise Billing Claims will be calculated based on the Recognized Amount. Any Out-of-Pocket cost shares you pay to an Out-of-Network Provider for either Emergency Services or for Covered Services provided by an Out-of-Network Provider at an In-Network Facility or for Covered Services provided by an Out-of-Network Air Ambulance Service Provider will be applied to your In-Network Out-of-Pocket Limit.

Appeals

If you receive Emergency Services from an Out-of-Network Provider, Covered Services from an Out-of-Network Provider at an In-Network Facility, or Out-of-Network Air Ambulance Services and believe those services are covered by the No Surprises Act, you have the right to appeal that claim. If your appeal of a Surprise Billing Claim is denied, then you have a right to appeal the adverse decision to an Independent Review Organization as set out in the “Your Right to Appeal” section of this Benefit Book.

Provider Directories

Anthem is required to confirm the list of In-Network Providers in its Provider Directory every 90 days. If you can show that you received inaccurate information from Anthem that a Provider was In-Network on a particular claim, then you will only be liable for In-Network cost shares (i.e., Copayments, Deductibles, and/or Coinsurance) for that claim. Your In-Network cost shares will be calculated based upon the Maximum Allowed Amount.

Transparency Requirements

Anthem provides the following information on its website (i.e., www.anthem.com):

- Protections with respect to Surprise Billing Claims by Providers, including information on how to contact state and federal agencies if you believe a Provider has violated the No Surprises Act.

You may also obtain the following information on Anthem's website or by calling Member Services at the phone number on the back of your ID Card.

- Cost sharing information for covered items, services, and drugs, as required by the Centers for Medicare & Medicaid Services (CMS); and
- A listing / directory of all In-Network Providers.

In addition, Anthem will provide access through its website to the following information:

- In-Network negotiated rates; and
- Historical Out-of-Network rates.

Federal Patient Protection and Affordable Care Act Notices

Choice of Primary Care Physician

We generally allow the designation of a Primary Care Physician (PCP). You have the right to designate any PCP who participates in our network and who is available to accept you or your family members. For information on how to select a PCP, and for a list of PCPs, contact the telephone number on the back of your Identification Card or refer to our website, www.anthem.com. For children, you may designate a pediatrician as the PCP.

Access to Obstetrical and Gynecological (ObGyn) Care

You do not need prior authorization from us or from any other person (including a PCP) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services or following a pre-approved treatment plan. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact the telephone number on the back of your Identification Card or refer to our website, www.anthem.com.

Additional Federal Notices

Statement of Rights under the Newborns' and Mothers' Health Protection Act

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending Provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the Plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

Statement of Rights under the Women's Cancer Rights Act of 1998

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending Physician and the patient, for:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance;
- Prostheses; and
- Treatment of physical complications of the mastectomy, including lymphedema.

These benefits will be provided subject to the same Deductibles and Coinsurance applicable to other medical and surgical benefits provided under this Plan. (See the "Schedule of Benefits" for details.) If you would like more information on WHCRA benefits, call us at the number on the back of your Identification Card.

Coverage for a Child Due to a Qualified Medical Child Support Order (QMCSO)

If you or your spouse are required, due to a QMCSO, to provide coverage for your child(ren), you may ask the Employer to provide you, without charge, a written statement outlining the procedures for getting coverage for such child(ren).

Mental Health Parity and Addiction Equity Act

The Mental Health Parity and Addiction Equity Act provides for parity in the application of aggregate treatment limitations (day or visit limits) on Mental Health and Substance Use Disorder benefits with day or visit limits on medical and surgical benefits. In general, group health plans offering Mental Health and Substance Use Disorder benefits cannot set day/visit limits on Mental Health or Substance Use Disorder benefits that are lower than any such day or visit limits for medical and surgical benefits. A plan that does not impose day or visit limits on medical and surgical benefits may not impose such day or visit limits on Mental Health and Substance Use Disorder benefits offered under the Plan. Also, the Plan may not impose Deductibles, Copayment, Coinsurance, and Out-of-Pocket expenses on Mental Health and Substance Use Disorder benefits that are more restrictive than the predominant Deductibles, Copayment, Coinsurance and Out-of-Pocket expenses applicable to substantially all medical and surgical benefits in the same classification. Medical Necessity criteria are available upon request.

Special Enrollment Notice

If you are declining enrollment for yourself or your Dependents (including your spouse) because of other health insurance coverage, you may in the future be able to enroll yourself or your Dependents in this Plan if you or your Dependents lose eligibility for that other coverage (or if the Employer stops contributing towards your or your Dependents' other coverage). However, you must request enrollment within 31 days after your or your Dependents' other coverage ends (or after the Employer stops contributing toward the other coverage).

In addition, if you have a new Dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and Your Dependents. However, you must request enrollment within 31 days after the marriage, birth, adoption, or placement for adoption. (*Additional time is available to enroll newborns and adopted children, per Wisconsin law. See the "Eligibility and Enrollment – Adding Members" section for details.)

Eligible Subscribers and Dependents may also enroll under two additional circumstances:

- The Subscriber's or Dependent's Medicaid or Children's Health Insurance Program (CHIP) coverage is terminated as a result of loss of eligibility; or
- The Subscriber or Dependent becomes eligible for a subsidy (state premium assistance program).

The Subscriber or Dependent must request Special Enrollment within 60 days of the loss of Medicaid/CHIP or of the eligibility determination.

To request special enrollment or obtain more information, call us at the Member Services telephone number on your Identification Card, or contact the Employer.

Notices Required by State Law

NOTICE: LIMITED BENEFITS WILL BE PAID WHEN NON-PARTICIPATING PROVIDERS ARE USED.

If you get Covered Services from an Out-of-Network Provider, benefit payments to the Out-of-Network Provider are not based upon the amount billed. Your benefit payment will be determined according to our Maximum Allowed Amount. YOU RISK PAYING MORE THAN THE COINSURANCE, DEDUCTIBLE, AND COPAYMENT AMOUNT DEFINED IN THIS BOOKLET AFTER THE PLAN HAS PAID ITS REQUIRED PORTION.

Out-of-Network Providers may bill you any amount up to the billed charge after the Plan has paid its portion of the bill. In-Network Providers have agreed to accept discounted payment for Covered Services with no added bill to you other than Copayment, Coinsurance, and Deductible amounts. You can get further information about the network status of a Provider and your out-of-pocket costs by calling the number on your Identification Card or by visiting our website at www.anthem.com.

Introduction

Welcome to Anthem!

This Booklet gives you a description of your benefits while you are enrolled under the health care plan (the "Plan") offered by your Employer. You should read this Booklet carefully to get to know the Plan's main provisions and keep it handy for reference. A thorough understanding of your coverage will allow you to use your benefits wisely. If you have any questions about the benefits shown in this Booklet, please call the Member Services number on the back of your Identification Card.

The Plan benefits described in this Benefit Booklet are for eligible Members only. The health care services are subject to the limitations and Exclusions, Copayments, Deductible, and Coinsurance rules given in this Benefit Booklet. Any group plan or Booklet which you received before will be replaced by this Booklet.

Your Employer has agreed to be subject to the terms and conditions of Anthem's Provider agreements which may include pre-service review and utilization management requirements, coordination of benefits, timely filing limits, and other requirements to administer the benefits under this Plan.

Many words used in the Booklet have special meanings (e.g., Employer, Covered Services, and Medical Necessity). These words are capitalized and are defined in the "Definitions" section. See these definitions for the best understanding of what is being stated. Throughout this Booklet you will also see references to "we", "us", "our", "you", and "your". The words "we", "us", and "our" mean the Claims Administrator or any of its subsidiaries, affiliates, subcontractors, or designees. The words "you" and "your" mean the Member, Subscriber and each covered Dependent.

If you have any questions about your Plan, please be sure to call Member Services at the number on the back of your Identification Card. Also be sure to check the Claims Administrator's website, www.anthem.com for details on how to find a Provider, get answers to questions, and access valuable health and wellness tips.

Important: This is not an insured benefit Plan. The benefits described in this Booklet or any rider or amendments attached hereto are funded by the Employer who is responsible for their payment. Anthem provides administrative claims payment services only and does not assume any financial risk or obligation with respect to claims.

High-Deductible Health Plan for Use with Health Savings Accounts

This Plan is meant to be federally tax qualified and used with a qualified health savings account. The Claims Administrator does not provide tax advice. How to Get Language Assistance

Schedule of Benefits

In this section you will find an outline of the benefits included in your Plan and a summary of any Deductibles, Coinsurance, and Copayments that you must pay. Also listed are any Benefit Period Maximums or limits that apply. Please read the "What's Covered" and Prescription Drugs section(s) for more details on the Plan's Covered Services. Read the "What's Not Covered" section for details on Excluded Services.

All Covered Services are subject to the conditions, Exclusions, limitations, and terms of this Booklet including any endorsements, amendments, or riders.

To get the highest benefits at the lowest out-of-pocket cost, you must get Covered Services from an In-Network Provider. Benefits for Covered Services are based on the Maximum Allowed Amount, which is the most the Plan will allow for a Covered Service. Except for Surprise Billing Claims, when you use an Out-of-Network Provider you may have to pay the difference between the Out-of-Network Provider's billed charge and the Maximum Allowed Amount in addition to any Coinsurance, Copayments, Deductibles, and non-covered charges. This amount can be substantial. Please read the "Claims Payment" section for more details.

Deductibles, Coinsurance, and Benefit Period Maximums are calculated based upon the Maximum Allowed Amount, not the Provider's billed charges.

Essential Health Benefits provided within this Booklet are not subject to lifetime or annual dollar maximums. Certain non-essential health benefits, however, are subject to either a lifetime and/or dollar maximum.

Essential Health Benefits are defined by federal law and refer to benefits in at least the following categories:

- Ambulatory patient services,
- Emergency services,
- Hospitalization,
- Maternity and newborn care,
- Mental health and substance use disorder services, including behavioral health treatment,
- Prescription drugs,
- Rehabilitative and habilitative services and devices,
- Laboratory services,
- Preventive and wellness services, and
- Chronic disease management and pediatric services, including oral and vision care.

Such benefits shall be consistent with those set forth under the Patient Protection and Affordable Care Act of 2010 and any regulations issued pursuant thereto.

Benefit Period	Calendar Year

Per Member	\$3,500	\$7,000

Deductible	In-Network	Out-of-Network
Per Family – All other Members combined	\$5,000	\$10,000
The In-Network and Out-of-Network Deductibles are combined. Amounts you pay toward the In-Network Deductible will apply toward the Out-of-Network Deductible and amounts you pay toward the Out-of-Network Deductible will apply toward the In-Network Deductible. When the Deductible applies, you must pay it before benefits begin. See the sections below to find out when the Deductible applies. Copayments and Coinsurance are separate from and do not apply to the Deductible.		

Coinsurance	In-Network	Out-of-Network
Plan Pays	80%	70%
Member Pays	20%	30%
Reminder: Except for Surprise Billing Claims, your Coinsurance will be based on the Maximum Allowed Amount. If you use an Out-of-Network Provider, you may have to pay Coinsurance plus the difference between the Out-of-Network Provider's billed charge and the Maximum Allowed Amount. Note: The Coinsurance listed above may not apply to all benefits, and some benefits may have a different Coinsurance. Please see the rest of this Schedule for details.		

Out-of-Pocket Limit	In-Network	Out-of-Network
Per Member	\$3,500	\$7,000
Per Family – All other Members combined	\$7,000	\$14,000
The Out-of-Pocket Limit includes all Deductibles and Coinsurance you pay during a Benefit Period unless otherwise indicated below. It does not include charges over the Maximum Allowed Amount or amounts you pay for non-Covered Services. The Out-of-Pocket Limit does not include amounts you pay for the following benefits: • Services listed under "Vision Services for Members Age 19 and Older" • Out-of-Network Human Organ and Tissue Transplant (Bone Marrow / Stem Cell), Cellular and Gene Therapy Services No one person will pay more than their individual Out-of-Pocket Limit. Once the Out-of-Pocket Limit is satisfied, you will not have to pay any additional Deductibles or Coinsurance for the rest of the Benefit Period, except for the services listed above. The In-Network and Out-of-Network Out-of-Pocket Limits apply toward each other. Amounts paid toward the In-Network Out-of-Pocket Limit will apply toward the Out-of-Network Out-of-Pocket Limit and amounts paid toward the Out-of-Network Out-of-Pocket Limit will apply toward the In-Network Out-of-Pocket Limit.		

Important Notice about Your Cost Shares

In certain cases, if we pay Providers amounts that are your responsibility, such as Deductibles, Copayments or Coinsurance, we may collect such amounts directly from you. You agree that we have the right to collect such amounts from you.

The tables below outline the Plan's Covered Services and the cost share(s) you must pay. In many spots you will see the statement, "Benefits are based on the setting in which Covered Services are received." In these cases you should determine where you will receive the service (i.e., in a doctor's office, at an outpatient hospital facility, etc.) and look up that location to find out which cost share will apply. For example, you might get physical therapy in a doctor's office, an outpatient hospital facility, or during an inpatient hospital stay. For services in the office, look up "Office and Home Visits." For services in the outpatient department of a hospital, look up "Outpatient Facility Services." For services during an inpatient stay, look up "Inpatient Services."

How Your Plan Works

Introduction

Your Plan is a PPO plan. The Plan has two sets of benefits: In-Network and Out-of-Network. If you choose an In-Network Provider, you will pay less in out-of-pocket costs, such as Copayments, Deductibles, and Coinsurance. If you use an Out-of-Network Provider, you will have to pay more out-of-pocket costs.

To find an In-Network Provider for this Plan, please see “How to Find a Provider in the Network,” later in this section.

In-Network Services

When you use an In-Network Provider or get care as part of an Authorized Service, Covered Services will be covered at the In-Network level.

If you receive Covered Services from an Out-of-Network Provider after we failed to provide you with accurate information in our Provider Directory, or after we failed to respond to your telephone or web-based inquiry within the time required by federal law, Covered Services will be based on the In-Network level.

Regardless of Medical Necessity, benefits will be denied for care that is not a Covered Service. We, on behalf of the Employer, have final authority to decide the Medical Necessity of the service.

In-Network Providers include Primary Care Physicians / Providers (PCPs), Specialists (Specialty Care Physicians / Providers - SCPs), other professional Providers, Hospitals, and other Facilities who contract with us to care for you. Referrals are never needed to visit an In-Network Specialist, including behavioral health Providers.

To see a Doctor, call their office:

- Tell them you are an Anthem Member.
- Have your Member Identification Card handy. The Doctor's office may ask you for your group or Member ID number.
- Tell them the reason for your visit.

When you go to the office, be sure to take your Member Identification Card with you.

In-Network Provider Services

For services from In-Network Providers:

1. You will not need to file claims. In-Network Providers will file claims for Covered Services for you. (You will still need to pay any Coinsurance, Copayments, and/or Deductibles that apply.) You may be billed by your In-Network Provider(s) for any non-Covered Services you get or when you have not followed the terms of this Booklet.
2. Precertification will be done by the In-Network Provider. (See the “Getting Approval for Benefits” section for further details.)

Please read the “Claims Payment” section for additional information on Authorized Services.

After Hours Care

If you need care after normal business hours, your Doctor may have several options for you. You should call your Doctor's office for instructions if you need care in the evenings, on weekends, or during the holidays and cannot wait until the office reopens. If you have an Emergency, call 911 or go to the nearest Emergency Room.

Out-of-Network Services

When you do not use an In-Network Provider or get care as part of an Authorized Service, Covered Services are covered at the Out-of-Network level, unless otherwise indicated in this Booklet.

For services from an Out-of-Network Provider:

1. The Out-of-Network Provider can charge you the difference between their bill and the Plan's Maximum Allowed Amount plus any Deductible and/or Coinsurance/Copayments unless your claim involves a Surprise Billing Claim;
2. You may have higher cost sharing amounts (i.e., Deductibles, Coinsurance, and/or Copayments) unless your claim involves a Surprise Billing Claim;
3. You will have to pay for services that are not Medically Necessary;
4. You will have to pay for non-Covered Services;
5. You may have to file claims; and
6. You must make sure any necessary Precertification is done. (Please see "Getting Approval for Benefits" for more details.)

Surprise Billing Claims

Surprise Billing Claims are described in the "Consolidated Appropriations Act of 2021 Notice" at the beginning of this Booklet. Please refer to that section for further details.

Connect with Us Using Our Mobile App

As soon as you enroll in this Plan, you should download our mobile app. You can find details on how to do this on our website, www.anthem.com.

Our goal is to make it easy for you to find answers to your questions. You can chat with us live in the app, or contact us on our website.

How to Find a Provider in the Network

There are several ways you can find out if a Provider or Facility is in the network for this Plan. You can also find out where they are located and details about their license or training.

- See your Plan's directory of In-Network Providers at www.anthem.com, which lists the Doctors, Providers, and Facilities that participate in this Plan's network.
- Search for a Provider in our mobile app.
- Contact Member Services to ask for a list of Doctors and Providers that participate in this Plan's network, based on specialty and geographic area. Member Services can help you determine the

Provider's name, address, telephone number, professional qualifications, specialty, medical school attended, and board certifications.

- Check with your Doctor or Provider.

If you need details about a Provider's license or training, or help choosing a Doctor who is right for you, call the Member Services number on the back of your Member Identification Card. TTY/TDD services also are available by dialing 711. A special operator will get in touch with us to help with your needs.

Continuity of Care

If your In-Network Provider leaves our network for any reason other than termination for cause, retirement or death and you are in active treatment, you may be able to continue seeing that Provider for a limited period of time and still get In-Network benefits. "Active treatment" includes:

- 1) An ongoing course of treatment for a life-threatening condition, including a chronic illness or condition. A chronic illness or condition is a condition that is life-threatening, degenerative, potentially disabling, or congenital and requires specialized medical care over a prolonged period of time,
- 2) An ongoing course of treatment for a serious acute condition (e.g., chemotherapy, radiation therapy and post-operative visits),
- 3) An ongoing course of treatment for pregnancy and through the postpartum period, or
- 4) A scheduled non-elective surgery from the Provider, including receipt of postoperative care from such Provider or Facility with respect to such a surgery; or
- 5) An ongoing course of treatment for a health condition for which the Physician or health care Provider attests that discontinuing care by the current Physician or Provider would worsen your condition or interfere with anticipated outcomes or,
- 6) Continuing care benefits for Members undergoing a course of institutional or Inpatient care from the Provider or Facility and/or determined to be terminally ill and is receiving treatment for such illness from such Provider or Facility.

An "ongoing course of treatment" includes treatments for Mental Health and Substance Use Disorders.

In these cases, you may be able to continue seeing that Provider until treatment is complete, or for 90 days, whichever is shorter. If you wish to continue seeing the same Provider, you or your Doctor should contact Member Services for details. Any decision by us regarding a request for Continuity of Care is subject to the process described in "Your Right to Appeal."

Your Cost Shares

Your Plan may involve Copayments, Deductibles, and/or Coinsurance, which are charges that you must pay when receiving Covered Services. Your Plan may also have an Out-of-Pocket Limit, which limits the cost shares you must pay. Please read the "Schedule of Benefits" for details on your cost shares. Also read the "Definitions" section for a better understanding of each type of cost share.

Crediting Prior Plan Coverage

If you were covered by the Employer's prior carrier / plan immediately before the Employer signs up with us, with no break in coverage, then you will get credit for any accrued Deductible and, if applicable and approved by us, Out-of-Pocket amounts under that other plan. This does not apply to people who were not covered by the prior carrier or plan on the day before the Employer's coverage with us began, or to people who join the Employer later.

If your Employer moves from one of our plans to another, (for example, changes its coverage from HMO to PPO), and you were covered by the other product immediately before enrolling in this product with no

break in coverage, then you may get credit for any accrued Deductible and Out-of-Pocket amounts, if applicable and approved by us. Any maximums, when applicable, will be carried over and charged against the maximums under this Plan.

If your Employer offers more than one of our products, and you change from one product to another with no break in coverage, you will get credit for any accrued Deductible and, if applicable, Out-of-Pocket amounts and any maximums will be carried over and charged against maximums under this Plan.

If your Employer offers coverage through other products or carriers in addition to ours, and you change products or carriers to enroll in this product with no break in coverage, you will get credit for any accrued Deductible, Out-of-Pocket, and any maximums under this Plan.

The credit applies for the same or overlapping benefit periods and will be given for costs you paid toward the deductible of the Employer's prior carrier or plan in the 90 days before the Employer's effective date with us. You will also receive credit for any satisfaction or partial satisfaction of waiting periods under the Employer's prior carrier or plan.

This Section Does Not Apply To You If:

- Your Employer moves to this Plan at the beginning of a Benefit Period;
- You change from one of our individual policies to a group plan;
- You change employers; or
- You are a new Member who joins the Employer after the Employer's initial enrollment with us.

The BlueCard Program

Like all Blue Cross & Blue Shield plans throughout the country, we participate in a program called "BlueCard," which provides services to you when you are outside our Service Area. For more details on this program, please see "Inter-Plan Arrangements" in the "Claims Payment" section.

Identification Card

We will give an Identification Card to each Member enrolled in the Plan. When you get care, you must show your Identification Card. Only covered Members have the right to services or benefits under this Booklet. If anyone gets services or benefits to which they are not entitled under the terms of this Booklet, he/she must pay for the actual cost of the services.

Getting Approval for Benefits

Your Plan includes the process of Utilization Review to decide when services are Medically Necessary or Experimental/Investigational as those terms are defined in this Booklet. Utilization Review aids the delivery of cost-effective health care by reviewing the use of treatments and, when proper, level of care and/or the setting or place of service that they are performed.

Reviewing Where Services Are Provided

A service must be Medically Necessary to be a Covered Service. When level of care, setting or place of service is reviewed, services that can be safely given to you in a lower level of care or lower cost setting / place of care, will not be Medically Necessary if they are given in a higher level of care, or higher cost setting / place of care. This means that a request for a service may be denied because it is not Medically Necessary for the service to be provided where it is being requested. When this happens the service can be requested again in another place and will be reviewed again for Medical Necessity. At times a different Provider or Facility may need to be used in order for the service to be considered Medically Necessary. Examples include, but are not limited to:

- A service may be denied on an inpatient basis at a Hospital but may be approvable if provided on an outpatient basis at a Hospital.
- A service may be denied on an outpatient basis at a Hospital but may be approvable at a free standing imaging center, infusion center, Ambulatory Surgery Center, or in a Physician's office.
- A service may be denied at a Skilled Nursing Facility but may be approvable in a home setting.

Utilization Review criteria will be based on many sources including medical policy and clinical guidelines. Anthem, on behalf of the Employer, may decide that a treatment that was asked for is not Medically Necessary if a clinically equivalent treatment that is more cost effective is available and appropriate. "Clinically equivalent" means treatments that for most Members, will give you similar results for a disease or condition.

If you have any questions about the Utilization Review process, the medical policies, or clinical guidelines, you may call the Member Services phone number on the back of your Identification Card.

Coverage for or payment of the service or treatment reviewed is not guaranteed even if it is decided that your services are Medically Necessary. For benefits to be covered, on the date you get service:

1. You must be eligible for benefits;
2. Fees must be paid for the time period that services are given;
3. The service or supply must be a Covered Service under your Plan;
4. The service cannot be subject to an Exclusion under your Plan; and
5. You must not have exceeded any applicable limits under your Plan.

Types of Reviews

- **Pre-service Review** – A review of a service, treatment or admission for a benefit coverage determination, which is done before the service or treatment begins or admission date.

Precertification – A required Pre-service Review for a benefit coverage determination for a service or treatment. Certain services require Precertification in order for you to get benefits. The benefit coverage review will include a review to decide whether the service meets the definition of Medical Necessity or is Experimental / Investigational as those terms are defined in this Booklet.

For admissions following Emergency Care, you, your authorized representative or Doctor must tell us of the admission as soon as possible. For childbirth admissions, Precertification is not needed unless there is a problem and/or the mother and baby are not sent home at the same time. Precertification is not required for the first 48 hours for a vaginal delivery or 96 hours for a cesarean section. Admissions longer than 48/96 hours require Precertification.

- **Continued Stay / Concurrent Review** - A Utilization Review of a service, treatment or admission for a benefit coverage determination which must be done during an ongoing stay in a facility or course of treatment.

Both Pre-Service and Continued Stay / Concurrent Reviews may be considered urgent when, in the view of the treating Provider or any Doctor with knowledge of your medical condition, without such care or treatment, your life or health or your ability to regain maximum function could be seriously threatened or you could be subjected to severe pain that cannot be adequately managed without such care or treatment. Urgent reviews are conducted under a shorter timeframe than standard reviews.

- **Post-service Review** – A review of a service, treatment or admission for a benefit coverage determination that is conducted after the service has been provided. Post-service reviews are performed when a service, treatment or admission did not need a Precertification, or when a needed Precertification was not obtained. Post-service reviews are done for a service, treatment or admission in which we have a related clinical coverage guideline and are typically initiated by us.

Who is Responsible for Precertification?

Typically, In-Network Providers know which services need Precertification and will get any Precertification when needed. Your Primary Care Physician and other In-Network Providers have been given detailed information about these procedures and are responsible for meeting these requirements. Generally, the ordering Provider, Facility or attending Doctor (“requesting Provider”) will get in touch with us to ask for a Precertification. However, you may request a Precertification or you may choose an authorized representative to act on your behalf for a specific request. The authorized representative can be anyone who is 18 years of age or older. The table below outlines who is responsible for Precertification and under what circumstances.

Provider Network Status	Responsibility to Get Precertification	Comments
In-Network	Provider	• The Provider must get Precertification when required.
Out-of-Network/ Non-Participating	Member	• Member must get Precertification when required. (Call Member Services.) • Member may be financially responsible for charges/costs related to the service and/or setting in whole or in part if the service and/or setting is found not to be Medically Necessary.
BlueCard Provider	Member (Except for Inpatient Admissions)	• Member must get Precertification when required. (Call Member Services.) • Member may be financially responsible for charges/costs related to the service and/or setting in whole or in part if the service and/or setting is found to not be Medically

Provider Network Status	Responsibility to Get Precertification	Comments
		Necessary. • BlueCard Providers must obtain precertification for all Inpatient Admissions.
NOTE: For an Emergency Care admission, Precertification is not required. However, you, your authorized representative or Doctor must tell us of the admission as soon as possible.		

Failure to Obtain Precertification Penalty for Out-of-Network Services: If you or your Out-of-Network Provider do not obtain the required precertification for an Out-of-Network service, a \$300 penalty will apply. This does not apply to Medically Necessary Inpatient Facility Services from an In-Network or BlueCard Provider.

How Decisions are Made

We use our clinical coverage guidelines, such as medical policy, clinical guidelines, and other applicable policies and procedures to help make our Medical Necessity decisions. This includes decisions about Prescription Drugs as detailed in the section “Prescription Drugs Administered by a Medical Provider.” Medical policies and clinical guidelines reflect the standards of practice and medical interventions identified as proper medical practice. We reserve the right, on behalf of the Employer, to review and update these clinical coverage guidelines from time to time.

You are entitled to ask for and get, free of charge, reasonable access to any records concerning your request. To ask for this information, call the Precertification phone number on the back of your Identification Card.

If you are not satisfied with the decision under this section of your benefits, please refer to the “Your Right to Appeal” section to see what rights may be available to you.

Decision and Notice Requirements

We will review requests for benefits according to the timeframes listed below. The timeframes and requirements listed are based on federal laws. If you live in and/or get services in a state other than the state where your Plan was issued other state-specific requirements may apply. You may call the phone number on the back of your Identification Card for more details.

Request Category	Timeframe Requirement for Decision and Notification
Urgent Pre-service Review	72 hours from the receipt of request
Non-Urgent Pre-service Review	15 calendar days from the receipt of the request
Urgent Continued Stay / Concurrent Review when request is received more than 24 hours before the end of the previous authorization	24 hours from the receipt of the request
Urgent Continued Stay / Concurrent Review when request is received less than 24 hours before the end of the previous authorization or no previous authorization exists	72 hours from the receipt of the request
Non-Urgent Continued Stay / Concurrent Review for ongoing outpatient treatment	15 calendar days from the receipt of the request
Post-Service Review	30 calendar days from the receipt of the request

If more information is needed to make our decision, we will tell the requesting Provider of the specific information needed to finish the review. If we do not get the specific information we need by the required timeframe, we will make a decision based upon the information we have.

We will notify you and your Provider of the decision as required by state and federal law. Notice may be given by one or more of the following methods: verbal, written, and/or electronic.

Important Information

On behalf of the Employer, Anthem may, from time to time, waive, enhance, change or end certain medical management processes (including utilization management, case management, and disease management) and/or offer an alternate benefit if in our discretion, such change furthers the provision of cost effective, value based and/or quality services.

We may also select certain qualifying Providers to take part in a program or a Provider arrangement that exempts them from certain procedural or medical management processes that would otherwise apply. We may also exempt your claim from medical review if certain conditions apply.

Just because Anthem exempts a process, Provider or Claim from the standards which otherwise would apply, it does not mean that Anthem will do so in the future, or will do so in the future for any other Provider, claim or Member. Anthem may stop or change any such exemption with or without advance notice.

You may find out whether a Provider is taking part in certain programs or a Provider arrangement by contacting the Member Services number on the back of your ID card.

We also may identify certain Providers to review for potential fraud, waste, abuse or other inappropriate activity if the claims data suggests there may be inappropriate billing practices. If a Provider is selected under this program, then we may use one or more clinical utilization management guidelines in the review of claims submitted by this Provider, even if those guidelines are not used for all Providers delivering services to this Plan's Members.

Health Plan Individual Case Management

Our health plan individual case management programs (Case Management) help coordinate services for Members with health care needs due to serious, complex, and/or chronic health conditions. Our programs coordinate benefits and educate Members who agree to take part in the Case Management program to help meet their health-related needs.

Our Case Management programs are confidential and voluntary and are made available at no extra cost to you. These programs are provided by, or on behalf of and at the request of, your health plan case management staff. These Case Management programs are separate from any Covered Services you are receiving.

If you meet program criteria and agree to take part, we will help you meet your identified health care needs. This is reached through contact and teamwork with you and/or your chosen authorized representative, treating Doctor(s), and other Providers.

In addition, we may assist in coordinating care with existing community-based programs and services to meet your needs. This may include giving you information about external agencies and community-based programs and services.

In certain cases of severe or chronic illness or injury, the Plan may provide benefits for alternate care that is not listed as a Covered Service. The Plan may also extend Covered Services beyond the Benefit

Maximums of this Plan. We will make any recommendation for alternate or extended benefits to the Plan on a case-by-case basis, if in our discretion the alternate or extended benefit is in the best interest of you and Anthem and you or your authorized representative agree to the alternate or extended benefit in writing. A decision to provide extended benefits or approve alternate care in one case does not obligate the Plan to provide the same benefits again to you or to any other Member. The Plan reserves the right, at any time, to alter or stop providing extended benefits or approving alternate care. In such case, we will notify you or your authorized representative in writing.

Acute Care at Home Programs

Anthem has programs available that offer acute care to Members where they live as an alternative to staying in a Facility, when the Member's condition and the Covered Services to be delivered, are appropriate for the home setting. We refer to these programs as Acute Care at Home Programs. These programs provide care for active, short-term treatment of a severe injury or episode of illness, an urgent medical condition, or during recovery from surgery. Acute care services are generally delivered by teams of health care Providers from a range of medical and surgical specialties. The Acute Care at Home Programs are separate from our Home Health Care Services benefit, are only available in certain Service Areas, and are only provided if the Member's home meets accessibility requirements.

Covered Services provided by Acute Care at Home Programs may include Physician services (either in-person or via telemedicine), diagnostic services, surgery, home care services, home infusion therapy, Prescription Drugs administered by a Provider, therapy services, and follow-up care in the community. Prescription Drugs at a Retail or Mail Order Pharmacy are not included in these Programs. Acute Care at Home Programs may also include services required to set up telemedicine technology for in-home patient monitoring, and may include coverage for meals.

Members who qualify for these programs will be contacted by our Provider, who will discuss how treatment will be structured, and what costs may be required for the services. Benefit limits that might otherwise apply to outpatient or home care services, (e.g., home care visits, physical therapy, etc.), may not apply to these programs.

Your participation in these programs is voluntary. If you choose to participate, your Provider will discuss the length of time that benefits are available under the program (e.g., the Acute Care at Home Benefit Period) when you enroll. The Acute Care at Home Benefit Period typically begins on the date your Acute Care at Home Provider sets up services in your home, and lasts until the date you are discharged from the Program.

Any Covered Services received before or after the Acute Care at Home Benefit Period will be covered according to the other benefits of this Plan.

What's Covered

This section describes the Covered Services available under your Plan. Covered Services are subject to all the terms and conditions listed in this Booklet, including, but not limited to, Benefit Maximums, Deductibles, Copayments, Coinsurance, Exclusions and Medical Necessity requirements. Please read the "Schedule of Benefits" for details on the amounts you must pay for Covered Services and for details on any Benefit Maximums. Also be sure to read "How Your Plan Works" for more information on your Plan's rules. Read the "What's Not Covered" section for important details on Excluded Services.

Your benefits are described below. Benefits are listed alphabetically to make them easy to find. Please note that several sections may apply to your claims. For example, if you have inpatient surgery, benefits for your Hospital stay will be described under "Inpatient Hospital Care" and benefits for your Doctor's services will be described under "Inpatient Professional Services." As a result, you should read all sections that might apply to your claims.

You should also know that many of Covered Services can be received in several settings, including a Doctor's office or your home, an Urgent Care Facility, an Outpatient Facility, or an Inpatient Facility. Benefits will often vary depending on where and from whom you choose to get Covered Services, and this can result in a change in the amount you need to pay. Please see the "Schedule of Benefits" for more details.

Acupuncture

Please see "Therapy Services" later in this section

Allergy Services

Your Plan includes benefits for Medically Necessary allergy testing and treatment, including allergy serum and allergy shots.

Ambulance Services

Medically Necessary ambulance services are a Covered Service when:

- You are transported by a state licensed vehicle that is designed, equipped, and used only to transport the sick and injured and staffed by Emergency Medical Technicians (EMT), paramedics, or other certified medical professionals. This includes ground, water, fixed wing, and rotary wing air transportation.

And one or more of the following criteria are met:

- For ground ambulance, you are taken:
 - From your home, the scene of an accident or medical Emergency to a Hospital;
 - Between Hospitals, including when we require you to move from an Out-of-Network Hospital to an In-Network Hospital;
 - Between a Hospital and a Skilled Nursing Facility or other approved Facility.
- For air or water ambulance, you are taken:
 - From the scene of an accident or medical Emergency to a Hospital;
 - Between Hospitals, including when we require you to move from an Out-of-Network Hospital to an In-Network Hospital;
 - Between a Hospital and an approved Facility.

Ambulance services are subject to Medical Necessity reviews by us. Emergency ground ambulance services do not require precertification and are allowed regardless of whether the Provider is an In-Network or Out-of-Network Provider.

Non-Emergency ambulance services are subject to Medical Necessity reviews by us. When using an air ambulance for non-Emergency transportation, we reserve the right to select the air ambulance Provider. If you do not use the air ambulance Provider we select, no benefits will be available. Please see the "Schedule of Benefits" for the maximum benefit.

You must be taken to the nearest Facility that can give care for your condition. In certain cases we may approve benefits for transportation to a Facility that is not the nearest Facility.

Benefits also include Medically Necessary treatment of a sickness or injury by medical professionals from an ambulance service, even if you are not taken to a Facility.

Ambulance services are not covered when another type of transportation can be used without endangering your health. Ambulance services for your convenience or the convenience of your family or Doctor are not a Covered Service.

Other non-covered ambulance services include, but are not limited to, trips to:

- a) A Doctor's office or clinic;
- b) A morgue or funeral home.

Important Notes on Air Ambulance Benefits

Benefits are only available for air ambulance when it is not appropriate to use a ground or water ambulance. For example, if using a ground ambulance would endanger your health and your medical condition requires a more rapid transport to a Facility than the ground ambulance can provide, the Plan will cover the air ambulance. Air ambulance will also be covered if you are in an area that a ground or water ambulance cannot reach.

Air ambulance will not be covered if you are taken to a Hospital that is not an acute care Hospital (such as a Skilled Nursing Facility) or a rehabilitation facility, or if you are taken to a Physician's office or your home.

Hospital to Hospital Transport

If you are moving from one Hospital to another, air ambulance will only be covered if using a ground ambulance would endanger your health and if the Hospital that first treats cannot give you the medical services you need. Certain specialized services are not available at all Hospitals. For example, burn care, cardiac care, trauma care, and critical care are only available at certain Hospitals. To be covered, you must be taken to the closest Hospital that can treat you. **Coverage is not available for air ambulance transfers simply because you, your family, or your Provider prefers a specific Hospital or Physician.**

We may not cover more in rental costs than the cost of simply purchasing the equipment.

Benefits include repair and replacement costs as well as supplies and equipment needed for the use of the equipment or device, for example, a battery for a powered wheelchair.

Oxygen and equipment for its administration are also Covered Services.

Orthotics

Benefits are available for certain types of orthotics (braces, boots, splints). Covered Services include the initial purchase, fitting, and repair of a custom made rigid or semi-rigid supportive device used to support, align, prevent, or correct deformities or to improve the function of movable parts of the body, or which limits or stops motion of a weak or diseased body part.

Emergency Care Services

If you are experiencing an Emergency please call 911 or visit the nearest Hospital for treatment.

Emergency Services

Benefits are available in a Hospital Emergency Room or freestanding Emergency Facility for services and supplies to treat the onset of symptoms for an Emergency, which is defined below.

Emergency (Emergency Medical Condition)

“Emergency”, or “Emergency Medical Condition” means a medical or behavioral health condition of recent onset and sufficient severity, including but not limited to, severe pain, that would lead a prudent layperson, possessing an average knowledge of medicine and health, to believe that his or her condition, sickness, or injury is of such a nature that not getting immediate medical care could result in: (a) placing the patient’s health or the health of another person in serious danger or, for a pregnant woman, placing the woman’s health or the health of her unborn child in serious danger; (b) serious impairment to bodily functions; or (c) serious dysfunction of any bodily organ or part. Such conditions include but are not limited to, chest pain, stroke, poisoning, serious breathing problems, unconsciousness, severe burns or cuts, uncontrolled bleeding, or seizures and such other acute conditions as may be determined to be Emergencies by us.

Emergency Care

“Emergency Care” means a medical or behavioral health exam done in the Emergency Department of a Hospital or freestanding Emergency Facility, and includes services routinely available in the Emergency Department to evaluate an Emergency Condition. It includes any further medical or behavioral health exams and treatment required to stabilize the patient. Emergency Care may also include necessary services, including observation services, provided as part of the Emergency visit regardless of the department in which the services are provided.

Medically Necessary services will be covered whether you get care from an In-Network or Out-of-Network Provider. Emergency Care you get from an Out-of-Network Provider will be covered as an In-Network service and will not require Precertification. For Surprise Billing claims, the Out-of-Network Provider can only charge you any applicable Deductible, Coinsurance, and/or Copayment and cannot bill you for the difference between the Maximum Allowed Amount and their billed charges until your condition is stable and the Out-of-Network Provider has complied with the notice and consent process as described in the “Consolidated Appropriations Act of 2021 Notice” at the front of this Booklet. Your cost shares will be based on the Recognized Amount.

The Maximum Allowed Amount for Emergency Care from an Out-of-Network Provider will be determined using the median Plan In-Network contract rate we pay In-Network Providers for the geographic area where the service is provided for the same or similar services.

If you are admitted to the Hospital from the Emergency Room, be sure that you or your Doctor calls us as soon as you are stabilized. We will review your care to decide if a Hospital stay is needed and how many days you should stay. See “Getting Approval for Benefits” for more details.

Treatment you get after your condition has stabilized is not Emergency Care. Please refer to the “Consolidated Appropriations Act of 2021 Notice” at the front of this Booklet for more details on how this will impact your benefits.

Habilitative Services

Benefits also include habilitative health care services and devices that help you keep, learn or improve skills and functioning for daily living. Examples include therapy for a child who isn’t walking or talking at the expected age. These services may include physical and occupational therapy, speech-language pathology and other services for people with disabilities in a variety of inpatient and/or outpatient settings.

Please see “Therapy Services” later in this section for further details.

Home Health Care Services

Benefits are available for Covered Services performed by a Home Health Care Agency or other Home Health Care Provider in your home. To be eligible for benefits, you must essentially be confined to the home, as an alternative to a Hospital stay, and be physically unable to get needed medical services on an outpatient basis. Services must be prescribed by a Doctor and the services must be so inherently complex that they can be safely and effectively performed only by qualified, technical, or professional health staff.

Covered Services include but are not limited to:

- Intermittent skilled nursing services by an R.N. or L.P.N.
- Medical / social services
- Diagnostic services
- Nutritional guidance
- Training of the patient and/or family/caregiver
- Home health aide services. You must be receiving skilled nursing or therapy. Services must be given by appropriately trained staff working for the Home Health Care Provider. Other organizations may give services only when approved by us, and their duties must be assigned and supervised by a professional nurse on the staff of the Home Health Care Provider or other Provider as approved by us.
- Therapy Services
- Medical supplies
- Durable medical equipment

When available in your area, benefits are also available for Intensive In-home Behavioral Health Services. These do not require confinement to the home. These services are described in the “Mental Health and Substance Use Disorder Services” section below.

Benefits may also be available for Inpatient Services in your home. These benefits are separate from the Home Health Care Services benefit, and are described in the “Inpatient Services” section below.

Home Infusion Therapy

Please see “Therapy Services” later in this section.

Hospice Care

You are eligible for hospice care if your Doctor and the Hospice medical director certify that you are terminally ill and likely have less than twelve (12) months to live. You may access hospice care while participating in a clinical trial or continuing disease modifying therapy, as ordered by your treating Provider. Disease modifying therapy treats the underlying terminal illness.

The services and supplies listed below are Covered Services when given by a Hospice for the palliative care of pain and other symptoms that are part of a terminal disease. Palliative care means care that controls pain and relieves symptoms, but is not meant to cure a terminal illness. Covered Services include:

- Care from an interdisciplinary team with the development and maintenance of an appropriate plan of care.
- Short-term Inpatient Hospital care when needed in periods of crisis or as respite care.
- Skilled nursing services, home health aide services, and homemaker services given by or under the supervision of a registered nurse.
- Social services and counseling services from a licensed social worker.
- Nutritional support such as intravenous feeding and feeding tubes.
- Physical therapy, occupational therapy, speech therapy, and respiratory therapy given by a licensed therapist.
- Pharmaceuticals, medical equipment, and supplies needed for the palliative care of your condition, including oxygen and related respiratory therapy supplies.
- Bereavement (grief) services, including a review of the needs of the bereaved family and the development of a care plan to meet those needs, both before and after the Member's death. Bereavement services are available to the patient and those individuals who are closely linked to the patient, including the immediate family, the primary or designated caregiver and individuals with significant personal ties, for one year after the Member's death.

Your Doctor must agree to care by the Hospice and must be consulted in the development of the care plan. The Hospice must keep a written care plan on file and give it to us upon request.

Benefits for services beyond those listed above that are given for disease modification or palliation, such as but not limited to chemotherapy and radiation therapy, are available to a Member in Hospice. These services are covered under other parts of this Plan.

Human Organ and Tissue Transplant (Bone Marrow / Stem Cell) Services, Cellular and Gene Therapy Services

Your Plan includes coverage for Medically Necessary human organ and tissue transplants as well as certain cellular and gene therapies. **To be eligible for coverage, we must approve the benefits in advance through Precertification and services must be performed by an approved In-Network Provider to be covered at the In-Network level.**

Certain transplants (e.g., cornea) are covered like any other surgery, under the regular inpatient and outpatient benefits described elsewhere in this Booklet.

In this section you will see some key terms, which are defined below:

Covered Procedure

As decided by us, a Covered Procedure includes:

- Any Medically Necessary human solid organ, tissue, and stem cell / bone marrow transplants and infusions, and
- Any Medically Necessary cellular or other gene therapies, and
- Any Medically Necessary acquisition procedures, mobilization, collection and storage. It also includes Medically Necessary myeloablative or reduced intensity preparative chemotherapy, radiation therapy, or a combination of these therapies.

Approved In-Network Provider

A Provider who has entered into an agreement with us to provide Covered Procedures to you. The agreement may only cover certain Covered Procedures or all Covered Procedures. Approved In-Network Providers may include the following:

- **Blue Distinction Center (BDC) Facility:** Blue Distinction facilities have met or exceeded national quality standards for care delivery of Covered Procedures.
- **Centers of Medical Excellence (CME) Facility:** Centers of Medical Excellence facilities have met or exceeded quality standards for care delivery of Covered Procedures.

All Other Providers

Any Provider that is NOT an Approved In-Network Provider. This includes In-Network Providers who participate in the Plan's networks, but who are not an Approved In-Network Provider for a Covered Procedure, as well Out-of-Network Providers.

Prior Approval and Precertification

To maximize your benefits, you should call our Transplant Department as soon as you think you may need a Covered Procedure to talk about your benefit options. You must do this before you receive services. We will help you maximize your benefits by giving you coverage information, including details on what is covered as well as information on any clinical coverage guidelines, medical policies, Approved In-Network Provider rules, or Exclusions that apply. Call the Member Services phone number on the back of your Identification Card and ask for the transplant coordinator.

You or your Provider must call our Transplant Department for Precertification prior to the Covered Procedure whether this is performed in an Inpatient or Outpatient setting. Your Doctor must certify, and we must agree, that the Covered Procedure is Medically Necessary. Your Doctor should send a written request for Precertification to us as soon as possible to start this process. Not getting Precertification will result in a denial of benefits.

Please note that there are cases where your Provider asks for approval for Human Leukocyte Antigen (HLA) testing, donor searches and/or a collection and storage of stem cells prior to the final decision as to what Covered Procedure will be needed. In these cases, the HLA testing and donor search charges will be covered as routine diagnostic tests. The collection and storage request will be reviewed for Medical Necessity and may be approved. However, such an approval for HLA testing, donor search and/or collection and storage is NOT an approval for the later Covered Procedure. A separate Medical Necessity decision will be needed for the Covered Procedure.

Transportation and Lodging

The Plan will cover the cost of reasonable and necessary travel costs when you get prior approval and need to travel more than 75 miles from your permanent home to reach the Facility where the Covered Procedure will be performed. Help with travel costs includes transportation to and from the Facility and lodging for the patient and one companion. If the Member receiving care is a minor, then reasonable and necessary costs for transportation and lodging may be allowed for two companions. You must send itemized receipts for transportation and lodging costs in a form satisfactory to us when claims are filed. Call us for complete information or refer to IRS Publication 502.

For lodging and ground transportation benefits, the Plan will cover costs up to the current limits set forth in the Internal Revenue Code.

Non-Covered Services for transportation and lodging include, but are not limited to:

- Childcare,
- Mileage within the city where the Covered Procedure is performed,
- Rental cars, buses, taxis, or shuttle service, except as specifically approved by us,
- Frequent Flyer miles,

- A personal bedside exam by another Doctor when asked for by your Doctor. Benefits are not available for staff consultations required by the Hospital, consultations asked for by the patient, routine consultations, phone consultations, or EKG transmittals by phone.
- Surgery and general anesthesia.

*When available in your area, certain Providers have programs available that may allow you to receive Inpatient Services in your home instead of staying in a Hospital. To be eligible, your condition and the Covered Services to be delivered must be appropriate for the home setting. Your home must also meet certain accessibility requirements. These programs are voluntary and are separate from the benefits under "Home Health Care Services." Your Provider will contact you if you are eligible, and provide you with details on how to enroll. If you choose to participate, the cost shares listed in your Schedule of Benefits under "Inpatient Services" will apply.

Kidney Disease Treatment

Benefits are available for kidney disease treatment including dialysis, transplants, and donor-related services.

Note: Members with End Stage Renal Disease (ESRD) should contact Medicare about enrollment and benefit options.

If you are pregnant on your Effective Date and in your second or third trimester of pregnancy (13 weeks or later) as of the Effective Date, benefits for obstetrical care will be available at the In-Network level even if an Out-of-Network Provider is used if you fill out a Continuation of Care Request Form and send it to us. Covered Services will include the obstetrical care given by that Provider through the end of the pregnancy and the immediate post-partum period.

Important Note About Maternity Admissions: Under federal law, the Plan may not limit benefits for any Hospital length of stay for childbirth for the mother or newborn to less than 48 hours after vaginal birth, or less than 96 hours after a cesarean section (C-section). However, federal law as a rule does not stop the mother's or newborn's attending Provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours, or 96 hours, as applicable. In any case, as provided by federal law, the Plan may not require a Provider to get authorization from us before prescribing a length of stay which is not more than 48 hours for a vaginal birth or 96 hours after a C-section.

Mental Health and Substance Use Disorder Services

Covered Services include the following:

- **Inpatient Services** in a Hospital or any Facility that we must cover per state law. Inpatient benefits include psychotherapy, psychological testing, electroconvulsive therapy, and detoxification.

- **Court-Ordered Services** - Benefits include behavioral health and Substance Use Disorder treatment given as part of an emergency detention, an involuntary commitment, or a court order if the services are Covered Services under this Plan.

If Covered Services are given by an Out-of-Network Provider, we will cover benefits at the In-Network Level if:

1. Services could not have been given by an In-Network Provider; and
2. The Provider, Member, or other person on behalf of the Member, contacts us within 72 hours of getting the service.

We will then arrange for further Medically Necessary services to be given by an In-Network Provider, if you wish to get In-Network benefits. You may continue to use Out-of-Network Providers, but Covered Services from an Out-of-Network Provider will be paid at the Out-of-Network level listed in the “Schedule of Benefits.” Reimbursement for services from an Out-of-Network Provider will be no more than the maximum reimbursement for services under the state medical assistance program.

Urgent Care Services

Often an urgent rather than an Emergency health problem exists. An urgent health problem is an unexpected illness or injury that calls for care that cannot wait until a regularly scheduled office visit. Urgent health problems are not life threatening and do not call for the use of an Emergency Room. Urgent health problems include earache, sore throat, and fever (not above 104 degrees).

Benefits for urgent care include:

- X-ray services;
- Care for broken bones;
- Tests such as flu, urinalysis, pregnancy test, rapid strep;
- Lab services;
- Stitches for simple cuts; and
- Draining an abscess.

Virtual Visits (Telemedicine / Telehealth Visits)

Covered Services include virtual Telemedicine / Telehealth visits that are appropriately provided through the internet via video. This includes visits with Providers who also provide services in person, as well as virtual-care-only Providers.

- “Telemedicine / Telehealth” means the delivery of health care or other health services using electronic communications and information technology, including: live (synchronous) secure videoconferencing or secure instant messaging, interactive store and forward (asynchronous) technology; or remote patient monitoring technology. Covered Services are provided to facilitate the diagnosis, consultation and treatment, education, care management and self-management of a patient's physical and/or mental health. In-person contact between a health care Provider and the patient is not required for these services, and the type of setting where these services are provided is not limited.

“Remote patient monitoring” means the delivery of home health services using telecommunications technology to enhance the delivery of home health care, including monitoring of clinical patient data such as weight, blood pressure, pulse, pulse oximetry, blood glucose, and other condition-specific data; medication adherence monitoring; and interactive video conferencing with or without digital image upload.

Please Note: Not all services can be delivered through virtual visits. Certain services require equipment and/or direct physical hands-on care that cannot be provided remotely. Also, please note that not all Providers offer virtual visits.

Benefits do not include the use of facsimile, texting, electronic mail, or non-secure instant messaging. Benefits also do not include reporting normal lab or other test results, requesting office visits, getting answers to billing, insurance coverage or payment questions, asking for referrals to Providers outside our network, benefit precertification, or Provider to Provider discussions except as approved under “Office

and Home Visits.”

If you have any questions about this coverage, please contact Member Services at the number on the back of your Identification Card.

Prescription Drugs Administered by a Medical Provider

Your Plan covers Prescription Drugs, including Specialty Drugs that must be administered to you as part of a doctor's visit, home care visit, or at an outpatient Facility when they are Covered Services. This may include Drugs for infusion therapy, chemotherapy, blood products, certain injectables, and any Drug that must be administered by a Provider. This section applies when a Provider orders the Drug and a medical Provider administers it to you in a medical setting.

Prescription Drugs you get from a Retail or Mail Order Pharmacy are not covered by this Plan.

Important Details About Prescription Drug Coverage

Your Plan includes certain features to determine when Prescription Drugs should be covered, which are described below. As part of these features, your prescribing Doctor may be asked to give more details before we can decide if the Prescription Drug is eligible for coverage. In order to determine if the Prescription Drug is eligible for coverage, we have established criteria.

The criteria, which are called drug edits, may include requirements regarding one or more of the following:

- Quantity, dose, and frequency of administration,
- Specific clinical criteria including, but not limited to, requirements regarding age, test result requirements, and/or presence of a specific condition or disease,
- Specific Provider qualifications including, but not limited to, REMS certification (Risk, Evaluation and Mitigation Strategies),
- Step therapy requiring one Drug, Drug regimen, or treatment be used prior to use of another Drug, Drug regimen, or treatment for safety and/or cost-effectiveness when clinically similar results may be anticipated,
- Use of an Anthem Prescription Drug List (a formulary developed by Anthem) which is a list of FDA-approved Drugs that have been reviewed and recommended for use based on their quality and cost effectiveness.

Covered Prescription Drugs

To be a Covered Service, Prescription Drugs must be approved by the Food and Drug Administration (FDA) and, under federal law, require a Prescription. Prescription Drugs must be prescribed by a licensed Provider and Controlled Substances must be prescribed by a licensed Provider with an active DEA license.

Compound ingredients within a compound drug are a Covered Service when a commercially available dosage form of a Medically Necessary medication is not available, ingredients of the compound drug are FDA approved, require a prescription to dispense, and are not essentially the same as an FDA approved product from a drug manufacturer. Non-FDA-approved, non-proprietary, multisource ingredients that are vehicles essential for compound administration may be covered.

Precertification

Precertification may be required for certain Prescription Drugs to help make sure proper use and guidelines for Prescription Drug coverage are followed. We will give the results of the decision to both you and your Provider.

For a list of Prescription Drugs that need precertification, please call the phone number on the back of your Identification Card. The list will be reviewed and updated from time to time. Including a Prescription Drug or related item on the list does not guarantee coverage under your Plan. Your Provider may check with us to verify Prescription Drug coverage, to find out which drugs are covered under this section and if any drug edits apply.

Please refer to the section “Getting Approval for Benefits” for more details.

If precertification is denied you have the right to file an appeal as outlined in the “Your Right to Appeal” section of this Booklet.

Designated Pharmacy Provider

Anthem, on behalf of the Employer, in its discretion, may establish one or more Designated Pharmacy Provider programs which provide specific pharmacy services (including shipment of Prescription Drugs) to Members. An In-Network Provider is not necessarily a Designated Pharmacy Provider. To be a Designated Pharmacy Provider, the In-Network Provider must have signed a Designated Pharmacy Provider Agreement with Anthem. You or your Provider can contact Member Services to learn which Pharmacy or Pharmacies are part of a Designated Pharmacy Provider program.

For Prescription Drugs that are shipped to you or your Provider and administered in your Provider’s office, you and your Provider are required to order from a Designated Pharmacy Provider. A Patient Care coordinator will work with you and your Provider to obtain Precertification and to assist shipment to your Provider’s office.

The Plan may also require you to use a Designated Pharmacy Provider to obtain Prescription Drugs for treatment of certain clinical conditions such as Hemophilia. We reserve our right to modify the list of Prescription Drugs as well as the setting and/or level of care in which the care is provided to you. Anthem may, from time to time, change with or without advance notice, the Designated Pharmacy Provider for a Drug, if in our discretion, such change can help provide cost effective, value based and/or quality services.

If you are required to use a Designated Pharmacy Provider and you choose not to obtain your Prescription Drug from a Designated Pharmacy Provider, coverage will be provided at the Out-of-Network level.

You can get the list of the Prescription Drugs covered under this section by calling Member Services at the phone number on the back of your Identification Card or check our website at www.anthem.com.

Therapeutic Equivalents

Therapeutic equivalents is a program that tells you and your Doctor about alternatives to certain prescribed Drugs. We may contact you and your Doctor to make you aware of these choices. Only you and your Doctor can determine if the therapeutic equivalent is right for you. For questions or issues about therapeutic Drug equivalents call Member Services at the phone number on the back of your Identification Card.

If you or your Doctor believes you need to use a different Prescription Drug, please have your Doctor or pharmacist get in touch with us. Claims Payment

This section describes how we reimburse claims and what information is needed when you submit a claim. When you receive care from an In-Network Provider, you do not need to file a claim because the In-Network Provider will do this for you. If you receive care from an Out-of-Network Provider, you will need to make sure a claim is filed. Many Out-of-Network Hospitals, Doctors and other Providers will file your claim for you, although they are not required to do so. If you file the claim, use a claim form as described later in this section.

Maximum Allowed Amount

General

This section describes how we determine the amount of reimbursement for Covered Services. Reimbursement for services rendered by In-Network and Out-of-Network Providers is based on this Booklet's Maximum Allowed Amount for the Covered Service that you receive. Please see "Inter-Plan Arrangements" later in this section for additional information.

The Maximum Allowed Amount for this Plan is the maximum amount of reimbursement allowed for services and supplies:

- That meet the definition of Covered Services, to the extent such services and supplies are covered under your Plan and are not excluded;
- That are Medically Necessary; and
- That are provided in accordance with all applicable preauthorization, utilization management or other requirements set forth in your Booklet.

You will be required to pay a portion of the Maximum Allowed Amount to the extent you have not met your Deductible or have a Copayment or Coinsurance. Except for Surprise Billing Claims*, when you receive Covered Services from an Out-of-Network Provider, you may be responsible for paying any difference between the Maximum Allowed Amount and the Provider's actual charges. This amount can be significant.

**Surprise Billing Claims are described in the "Consolidated Appropriations Act of 2021 Notice" at the front of this Booklet. Please refer to that section for further details.*

When you receive Covered Services from Provider, we will, to the extent applicable, apply claim processing rules to the claim submitted for those Covered Services. These rules evaluate the claim information and, among other things, determine the accuracy and appropriateness of the procedure and diagnosis codes included in the claim. Applying these rules may affect our determination of the Maximum Allowed Amount. Our application of these rules does not mean that the Covered Services you received were not Medically Necessary. It means we have determined that the claim was submitted inconsistent with procedure coding rules and/or reimbursement policies. For example, your Provider may have submitted the claim using several procedure codes when there is a single procedure code that includes all of the procedures that were performed. When this occurs, the Maximum Allowed Amount will be based on the single procedure code rather than a separate Maximum Allowed Amount for each billed code.

Likewise, when multiple procedures are performed on the same day by the same Doctor or other healthcare professional, the Plan may reduce the Maximum Allowed Amounts for those secondary and subsequent procedures because reimbursement at 100% of the Maximum Allowed Amount for those procedures would represent duplicative payment for components of the primary procedure that may be considered incidental or inclusive.

Provider Network Status

The Maximum Allowed Amount may vary depending upon whether the Provider is an In-Network Provider or an Out-of-Network Provider.

An In-Network Provider is a Provider who is in the managed network for this specific product or in a special Center of Medical Excellence/or other closely managed specialty network, or who has a participation contract with us. For Covered Services performed by an In-Network Provider, the Maximum Allowed Amount for this Plan is the rate the Provider has agreed with us to accept as reimbursement for the Covered Services. Because In-Network Providers have agreed to accept the Maximum Allowed Amount as payment in full for those Covered Services, they should not send you a bill or collect for amounts above the Maximum Allowed Amount. However, you may receive a bill or be asked to pay all or a portion of the Maximum Allowed Amount to the extent you have not met your Deductible or have a Copayment or Coinsurance. Please call Member Services for help in finding an In-Network Provider or visit www.anthem.com.

Providers who have not signed any contract with us and are not in any of our networks are Out-of-Network Providers, subject to Blue Cross Blue Shield Association rules governing claims filed by certain ancillary providers.

For Covered Services you receive from an Out-of-Network Provider, the Maximum Allowed Amount for this Plan will be one of the following as determined by us:

1. An amount based on our managed care fee schedules used with In-Network Providers, which we reserve the right to modify from time to time; or
2. An amount based on reimbursement or cost information from the Centers for Medicare and Medicaid Services ("CMS"). When basing the Maximum Allowed amount upon the level or method of reimbursement used by CMS, Anthem will update such information, which is adjusted or unadjusted for geographic locality, no less than annually; or
3. An amount based on information provided by a third party vendor, which may reflect one or more of the following factors: (1) the complexity or severity of treatment; (2) level of skill and experience required for the treatment; or (3) comparable Providers' fees and costs to deliver care; or
4. An amount negotiated by us or a third party vendor, which has been agreed to by the Provider. This may include rates for services coordinated through case management; or
5. An amount based on or derived from the total charges billed by the Out-of-Network Provider.

Providers who are not contracted for this product, but are contracted for other products with us are also considered Out-of-Network. For this Plan, the Maximum Allowed Amount for services from these Providers will be one of the five methods shown above unless the contract between us and that Provider specifies a different amount.

For Covered Services rendered outside Anthem's Service Area by Out-of-Network Providers, claims may be priced using the local Blue Cross Blue Shield plan's non-participating provider fee schedule / rate or the pricing arrangements required by applicable state or federal law. In certain situations, the Maximum Allowed Amount for out of area claims may be based on billed charges, the pricing we would use if the healthcare services had been obtained within the Anthem Service Area, or a special negotiated price.

Unlike In-Network Providers, Out-of-Network Providers may send you a bill and collect for the amount of the Provider's charge that exceeds the Maximum Allowed Amount unless your claim involves a Surprise Billing Claim. You are responsible for paying the difference between the Maximum Allowed Amount and the amount the Provider charges. This amount can be significant. Choosing an In-Network Provider will

likely result in lower Out-of-Pocket costs to you. Please call Member Services for help in finding an In-Network Provider or visit our website at www.anthem.com.

Member Services is also available to assist you in determining this Booklet's Maximum Allowed Amount for a particular service from an Out-of-Network Provider. In order for us to assist you, you will need to obtain from your Provider the specific procedure code(s) and diagnosis code(s) for the services the Provider will render. You will also need to know the Provider's charges to calculate your Out-of-Pocket responsibility. Although Member Services can assist you with this pre-service information, the final Maximum Allowed Amount for your claim will be based on the actual claim submitted by the Provider.

Member Cost Share

For certain Covered Services and depending on your Plan design, you may be required to pay a part of the Maximum Allowed Amount as your cost share amount (for example, Deductible, Copayment, and/or Coinsurance).

Your cost share amount and Out-of-Pocket Limits may vary depending on whether you received services from an In-Network or Out-of-Network Provider. Specifically, you may be required to pay higher cost sharing amounts or may have limits on your benefits when using Out-of-Network Providers. Please see the "Schedule of Benefits" in this Booklet for your cost share responsibilities and limitations, or call Member Services to learn how this Plan's benefits or cost share amounts may vary by the type of Provider you use.

The Plan will not provide any reimbursement for non-Covered Services. You may be responsible for the total amount billed by your Provider for non-Covered Services, regardless of whether such services are performed by an In-Network or Out-of-Network Provider. Non-covered services include services specifically excluded from coverage by the terms of your Plan and received after benefits have been exhausted. Benefits may be exhausted by exceeding, for example, benefit caps or day/visit limits.

We and/or our designated pharmacy benefits manager may receive discounts, rebates, or other funds from drug manufacturers, wholesalers, distributors, and/or similar vendors, which may be related to certain Prescription Drug purchases under this Benefit Booklet and which positively impact the cost effectiveness of Covered Services. These amounts are retained by us. These amounts will not be applied to your Deductible, if any, or taken into account in determining your Copayment or Coinsurance.

The following are examples for illustrative purposes only; the amounts shown may be different than this Booklet's cost share amounts; see your "Schedule of Benefits" for your applicable amounts.

Example: Your Plan has a Coinsurance cost share of 20% for In-Network services, and 30% for Out-of-Network services after the In-Network or Out-of-Network Deductible has been met.

- *You choose an In-Network surgeon. The charge was \$2500. The Maximum Allowed Amount for the surgery is \$1500; your Coinsurance responsibility when an In-Network surgeon is used is 20% of \$1500, or \$300. We allow 80% of \$1500, or \$1200. The In-Network surgeon accepts the total of \$1500 as reimbursement for the surgery regardless of the charges. Your total Out-of-Pocket responsibility would be \$300.*
- *You choose an Out-of-Network surgeon. The Out-of-Network surgeon's charge for the service is \$2500. The Maximum Allowed Amount for the surgery service is \$1500; your Coinsurance responsibility for the Out-of-Network surgeon is 30% of \$1500, or \$450 after the Out-of-Network Deductible has been met. We allow the remaining 70% of \$1500, or \$1050. **In addition**, the Out-of-Network surgeon could bill you the difference between \$2500 and \$1500, so your total Out-of-Pocket charge would be \$450 plus an additional \$1000, for a total of **\$1450**.*

Authorized Services

In some circumstances, such as where there is no In-Network Provider available for the Covered Service, we may authorize the In-Network cost share amounts (Deductible, Copayment, and/or Coinsurance) to apply to a claim for a Covered Service you receive from an Out-of-Network Provider. In such circumstances, you must contact us in advance of obtaining the Covered Service. If we authorize an In-Network cost share amount to apply to a Covered Service received from an Out-of-Network Provider, You may also still be liable for the difference between the Maximum Allowed Amount and the Out-of-Network Provider's charge unless your claim involves a Surprise Billing Claim. Please contact Member Services for Authorized Services information or to request authorization.

The following are examples for illustrative purposes only; the amounts shown may be different than this Booklet's cost share amounts; see your "Schedule of Benefits" for your applicable amounts.

Example:

You require the services of a specialty Provider; but there is no In-Network Provider for that specialty in your state of residence. You contact us in advance of receiving any Covered Services, and we authorize you to go to an available Out-of-Network Provider for that Covered Service and we agree that the In-Network cost share will apply.

Your Plan has a \$45 Copayment for Out-of-Network Providers and a \$25 Copayment for In-Network Providers for the Covered Service. The Out-of-Network Provider's charge for this service is \$500. The Maximum Allowed Amount is \$200.

Because we have authorized the In-Network cost share amount to apply in this situation, you will be responsible for the In-Network Copayment of \$25 and we will be responsible for the remaining \$175 of the \$200 Maximum Allowed Amount.

Because the Out-of-Network Provider's charge for this service is \$500, you may receive a bill from the Out-of-Network Provider for the difference between the \$500 charge and the Maximum Allowed Amount of \$200. Combined with your In-Network Copayment of \$25, your total Out-of-Pocket expense would be \$325.

Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax or other fee. If applicable, we will include any such surcharge, tax or other fee as part of the claim charge passed on to you.

Claims Review

Anthem has processes to review claims before and after payment to detect fraud, waste, abuse and other inappropriate activity. Members seeking services from Out-of-Network Providers could be balance billed by the Out-of-Network Provider for those services that are determined to be not payable as a result of these review processes. A claim may also be determined to be not payable due to a Provider's failure to submit medical records with the claims that are under review in these processes.

Notice of Claim & Proof of Loss

After you get Covered Services, we must receive written notice of your claim in order for benefits to be paid.

- In-Network Providers will submit claims for you. They are responsible for ensuring that claims have the information we need to determine benefits. If the claim does not include enough information, we

will ask them for more details, and they will be required to supply those details within certain timeframes.

- Out-of-Network claims can be submitted by the Provider if the Provider is willing to file on your behalf. However, if the Provider is not submitting on your behalf, you will be required to submit the claim. Claim forms are usually available from the Provider. If they do not have a claims form, you can send a written request to us, or contact Member Services and ask for a claims form to be sent to you. If you do not receive the claims form, you can still submit written notice of the claim without the claim form. The same information that would be given on the claim form must be included in the written notice of claim, including:
 - Name of patient.
 - Patient's relationship with the Subscriber.
 - Identification number.
 - Date, type, and place of service.
 - Your signature and the Provider's signature.

Out-of-Network claims must be submitted within 90 days. In certain cases, state or federal law may allow additional time to file a claim, if you could not reasonably file within the 90-day period. The claim must have the information we need to determine benefits. If the claim does not include enough information, we will ask you for more details and inform you of the time by which we need to receive that information. Once we receive the required information, we will process the claim according to the terms of your Plan.

Please note that failure to submit the information we need by the time listed in our request could result in the denial of your claim, unless state or federal law requires an extension. Please contact Member Services if you have any questions or concerns about how to submit claims.

Member's Cooperation

You will be expected to complete and submit to us all such authorizations, consents, releases, assignments and other documents that may be needed in order to obtain or assure reimbursement under Medicare, Workers' Compensation or any other governmental program. If you fail to cooperate, you will be responsible for any charge for services.

Payment of Benefits

You authorize the Claims Administrator, in its own discretion and on behalf of the Employer, to make payments directly to Providers for Covered Services. In no event, however, shall the Plan's right to make payments directly to a Provider be deemed to suggest that any Provider is a beneficiary with independent claims and appeal rights under the Plan. The Claims Administrator also reserves the right, in its own discretion, to make payments directly to you as opposed to any Provider for Covered Services, except for claims for Emergency Care or Surprise Billing Claims for air ambulance services or non-Emergency services performed by Out-of-Network Providers at certain In-Network Facilities, which will be paid directly to Providers and Facilities. In the event that payment is made directly to you, you have the responsibility to apply this payment to the claim from the Out-of-Network Provider. Payments and notice regarding the receipt and/or adjudication of claims may also be sent to an Alternate Recipient (which is defined herein as any child of a Subscriber who is recognized under a "Qualified Medical Child Support Order" as having a right to enrollment under the Employer's Plan), or that person's custodial parent or designated representative. Any payments made by the Claims Administrator (whether to any Provider for Covered Service or You) will discharge the Plan's obligation to pay for Covered Services. You cannot assign your right to receive payment to anyone, except as required by a "Qualified Medical Child Support Order" as defined by, and if subject to, any applicable Federal law.

Once a Provider performs a Covered Service, the Claims Administrator will not honor a request to withhold payment of the claims submitted.

The coverage, rights, and benefits under the Plan are not assignable by any Member without the written consent of the Plan, except as provided above. This prohibition against assignment includes rights to receive payment, claim benefits under the Plan and/or law, sue or otherwise begin legal action, or request Plan documents or any other information that a Participant or beneficiary may request. Any assignment made without written consent from the Plan will be void and unenforceable.

Inter-Plan Arrangements

Out-of-Area Services

Overview

We have a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are called “Inter-Plan Arrangements.” These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association (“Association”). Whenever you access healthcare services outside the geographic area we serve (the “Anthem Service Area”), the claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described below.

When you receive care outside of the Anthem Service Area, you will receive it from one of two kinds of Providers. Most Providers (“participating providers”) contract with the local Blue Cross and/or Blue Shield Plan in that geographic area (“Host Blue”). Some Providers (“nonparticipating providers”) don’t contract with the Host Blue. We explain below how we pay both kinds of Providers.

Inter-Plan Arrangements Eligibility – Claim Types

Most claim types are eligible to be processed through Inter-Plan Arrangements, as described above. Examples of claims that are not included are Prescription Drugs that you obtain from a Pharmacy and most dental or vision benefits.

A. BlueCard® Program

Under the BlueCard® Program, when you receive Covered Services within the geographic area served by a Host Blue, we will still fulfill our contractual obligations. But, the Host Blue is responsible for: (a) contracting with its Providers; and (b) handling its interactions with those Providers.

When you receive Covered Services outside the Anthem Service Area and the claim is processed through the BlueCard Program, the amount you pay is calculated based on the lower of:

- The billed charges for Covered Services; or
- The negotiated price that the Host Blue makes available to us.

Often, this “negotiated price” will be a simple discount that reflects an actual price that the Host Blue pays to the Provider. Sometimes, it is an estimated price that takes into account special arrangements with that Provider. Sometimes, such an arrangement may be an average price, based on a discount that results in expected average savings for services provided by similar types of Providers. Estimated and average pricing arrangements may also involve types of settlements, incentive payments and/or other credits or charges.

Estimated pricing and average pricing also take into account adjustments to correct for over- or underestimation of past pricing of claims, as noted above. However, such adjustments will not affect the price we used for your claim because they will not be applied after a claim has already been paid.

B. Negotiated (non–BlueCard Program) Arrangements

With respect to one or more Host Blues, instead of using the BlueCard Program, Anthem may process your claims for Covered Services through Negotiated Arrangements for National Accounts.

The amount you pay for Covered Services under this arrangement will be calculated based on the lower of either billed charges for Covered Services or the negotiated price (refer to the description of negotiated price under Section A. BlueCard Program) made available to Anthem by the Host Blue.

C. Special Cases: Value-Based Programs

BlueCard® Program

If you receive Covered Services under a Value-Based Program inside a Host Blue's Service Area, you will not be responsible for paying any of the Provider Incentives, risk-sharing, and/or Care Coordinator Fees that are a part of such an arrangement, except when a Host Blue passes these fees to Anthem through average pricing or fee schedule adjustments. Additional information is available upon request.

Value-Based Programs: Negotiated (non–BlueCard Program) Arrangements

If Anthem has entered into a Negotiated Arrangement with a Host Blue to provide Value-Based Programs to the Employer on your behalf, Anthem will follow the same procedures for Value-Based Programs administration and Care Coordinator Fees as noted above for the BlueCard Program.

D. Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax or other fee. If applicable, we will include any such surcharge, tax or other fee as part of the claim charge passed on to you.

E. Non-participating Providers Outside Our Service Area

1. Allowed Amounts and Member Liability Calculation

When Covered Services are provided outside of Anthem's Service Area by non-participating providers, we may determine benefits and make payment based on pricing from either the Host Blue or the pricing arrangements required by applicable state or federal law. In these situations, the amount you pay for such services as Deductible, Copayment or Coinsurance will be based on that allowed amount. Also, you may be responsible for the difference between the amount that the non-participating provider bills and the payment we will make for the Covered Services as set forth in this paragraph. Federal or state law, as applicable, will govern payments for out-of-network Emergency services.

2. Exceptions

In certain situations, we may use other pricing methods, such as billed charges or the pricing we would use if the healthcare services had been obtained within the Anthem Service Area, or a special negotiated price to determine the amount we will pay for services provided by nonparticipating providers. In these situations, you may be liable for the difference between the amount that the nonparticipating provider bills and the payment we make for the Covered Services as set forth in this paragraph.

F. Blue Cross Blue Shield Global Core® Program

If you plan to travel outside the United States, call Member Services to find out your Blue Cross Blue Shield Global Core® benefits. Benefits for services received outside of the United States may be different from services received in the United States. Remember to take an up to date health ID Card with you.

When you are traveling abroad and need medical care, you can call the Blue Cross Blue Shield Global Core® Service Center any time. They are available 24 hours a day, seven days a week. The toll free number is 800-810-2583. Or you can call them collect at 804-673-1177.

If you need inpatient hospital care, you or someone on your behalf, should contact us for preauthorization. Keep in mind, if you need Emergency medical care, go to the nearest hospital. There is no need to call before you receive care.

Please refer to the “Getting Approval for Benefits” section in this Booklet for further information. You can learn how to get preauthorization when you need to be admitted to the hospital for Emergency or non-emergency care.

How Claims are Paid with Blue Cross Blue Shield Global Core®

In most cases, when you arrange inpatient hospital care with Blue Cross Blue Shield Global Core®, claims will be filed for you. The only amounts that you may need to pay up front are any Copayment, Coinsurance or Deductible amounts that may apply.

You will typically need to pay for the following services up front:

- Doctors services;
- Inpatient hospital care not arranged through Blue Cross Blue Shield Global Core®; and
- Outpatient services.

You will need to file a claim form for any payments made up front.

When you need Blue Cross Blue Shield Global Core® claim forms you can get international claims forms in the following ways:

- Call the Blue Cross Blue Shield Global Core® Service Center at the numbers above; or
- Online at www.bcbsglobalcore.com.

You will find the address for mailing the claim on the form.

Coordination of Benefits When Members Are Covered Under More Than One Plan

When a Member is insured by two or more plans, we coordinate benefits between them -- except when Medicare's secondary payer rules require us to do otherwise. The process of determining benefits when multiple insurers are involved is commonly referred to as coordination of benefits (COB).

Please note that several terms specific to this provision are listed below. Some of these terms have different meanings in other parts of the Booklet. For this provision only, we refer to your Plan as "This Plan" and any other insurance plan as "Plan." In the rest of the Booklet, Plan has the meaning listed in the "Definitions" section.

If you are insured under more than one Plan, benefits are calculated based on the rules listed below under "Order of Benefit Determination Rules." The rules specify whether the benefits of your Plan should be determined before or after those of another Plan.

The benefits of your Plan (i.e., This Plan):

1. Are not reduced when, under the order of benefit determination rules, This Plan determines its benefits before another Plan; but
2. May be reduced when, under the order of benefit determination rules, another Plan determines its benefits first. This reduction is described in "Effect on the Benefits of This Plan" below.

When used in this section only, these terms have the following meanings:

Allowable Expense means a necessary, reasonable and customary item of expense for health or dental care, when the item of expense is covered at least in part by one or more Plans covering the person for whom the claim is made.

The difference between the cost of a private Hospital room and the cost of a semi-private Hospital room is not considered an Allowable Expense unless the patient's stay in a private Hospital room is Medically Necessary either in terms of generally accepted medical practice or as specifically defined in the Plan. When a Plan provides benefits in the form of services, the reasonable cash value of each service rendered is considered both an Allowable Expense and a benefit paid.

Allowable Expense does not include any expenses incurred or claims made under the Prescription Drug program of this Plan.

Allowable Expense does not include the amount that is subject to the Primary high-deductible health plan's deductible, if we have been advised by you that all Plans covering you are high-deductible health plans and you intend to contribute to a health savings account established in accordance with Section 223 of the Internal Revenue Code of 1986.

Claim Determination Period means a Calendar Year. However, it does not include any part of a year during which you have no coverage under This Plan or any part of a year before the date this COB provision or a similar provision takes effect.

Plan means any of the following that provides benefits or services for, or because of, medical or dental care or treatment:

1. Group insurance or group-type coverage, whether insured or uninsured, that includes continuous twenty-four (24) hour coverage. This includes prepayment, group practice, or individual practice coverage. It also includes coverage other than school accident-type coverage.

2. Coverage under a governmental Plan or coverage that is required or provided by law. This does not include a state Plan under Medicaid (Title XIX, Grants to States for Medical Assistance Programs, of the United States Social Security Act as amended from time to time). It also does not include any Plan whose benefits, by law, are excess to those of any private insurance program or other non-governmental program.
3. "No-fault" and group or group-type "fault" automobile insurance policies or contracts.

Each contract or other arrangement for coverage under 1. or 2. above is a separate Plan. If an arrangement has two parts and these rules apply only to one of the two, each of the parts is a separate Plan.

Primary Plan/Secondary Plan means the "Order of Benefit Determination Rules" section which states whether This Plan is a Primary Plan or Secondary Plan in relationship to another Plan covering you. When This Plan is a Secondary Plan, its benefits are determined after those of the other Plan and may be reduced because of the other Plan's benefits.

When This Plan is a Primary Plan, its benefits are determined before those of the other Plan and without considering the other Plan's benefits.

When there are more than two Plans covering you, This Plan may be a Primary Plan in relationship to one or more other Plans and may be a Secondary Plan in relationship to a different Plan or Plans.

This Plan means the part of this Plan that provides benefits for health care expenses.

The Plan shall be secondary in coverage to any medical payments provision, no-fault automobile insurance policy, or personal injury protection policy regardless of any election made by anyone to the contrary. The Plan shall also be secondary to any excess insurance policy, including, but not limited to, school and/or athletic policies. This provision applies notwithstanding any coordination of benefits term to the contrary.

Order of Benefit Determination Rules

When there is a basis for a claim under This Plan and another Plan, This Plan is a Secondary Plan that has its benefits determined after those of the other Plan, unless:

1. The other Plan has rules coordinating its benefits with those of This Plan; and
2. Both those rules and This Plan's rules require that This Plan's benefits be determined before those of the other Plan.

This Plan determines its order of benefits using the first of the following rules which applies:

1. **Non-Dependent/Dependent.** The benefits of the Plan that covers you as an employee, Member or Subscriber (that is, other than as a Dependent) are determined before those of the Plan that covers you as a Dependent.
2. **Dependent Child/Parents Not Separated or Divorced.** Except as stated in rule 3 (below), when This Plan and another Plan cover the same child as a Dependent of different persons (called "parents"):
 - a. The benefits of the Plan of the parent whose birthday falls earlier in the Calendar Year are determined before those of the Plan of the parent whose birthday falls later in that Calendar Year; but

- b. If both parents have the same birthday, the benefits of the Plan that covered the parent longer are determined before those of the Plan that covered the other parent for a shorter period of time.

However, if the other Plan does not have the rule described in a. but instead has a rule based upon the gender of the parent, and if, as a result, the Plans do not agree on the order of benefits, the rule in the other Plan shall determine the order of benefits.

- 3. **Dependent Child/Separated or Divorced Parents.** If two or more Plans cover a person as a Dependent child of divorced or separated parents, benefits for the child are determined in this order:
 - a. First, the Plan of the parent with custody of the child;
 - b. Then, the Plan of the spouse of the parent with custody of the child; and
 - c. Finally, the Plan of the parent not having custody of the child.

Also, if the specific terms of a court decree state that the parents have joint custody of the child and do not specify that one parent has responsibility for the child's health care expenses, or if the court decree states that both parents shall be responsible for the health care needs of the child but gives physical custody of the child to one parent, and the entities obligated to pay or provide the benefits of the respective parents' Plans have actual knowledge of those terms, benefits for the Dependent child shall be determined according to rule 2 (above).

However, if the specific terms of a court decree state that one of the parents is responsible for the health care expenses of the child, and the entity obligated to pay or provide the benefits of the Plan of that parent has actual knowledge of those terms, the benefits of that Plan are determined first. This paragraph does not apply with respect to any Claim Determination Period or Plan year during which any benefits are actually paid or provided before the entity has that actual knowledge.

- 4. **Active/Inactive Employee.** The benefits of a Plan which covers you as an employee or as a Dependent of an employee who is neither laid off nor retired are determined before those of a Plan which covers you as a former employee or as a Dependent of a former employee. If the other Plan does not have this rule and if, as a result, the Plans do not agree on the order of benefits, this rule is ignored.
- 5. **Continuation Coverage.** The benefits of a Plan that covers you as an employee, Member or Subscriber, or as a Dependent of such a person, are determined before those of a Plan that covers you as a person on state or federal continuation. If the other Plan does not have this rule and if, as a result, the Plans do not agree on the order of benefits, this rule is ignored.
- 6. **Longer/Shorter Length of Coverage.** If none of the above rules determines the order of benefits, the benefits of the Plan which covered you, as a Member or Subscriber, for the longer period are determined before those of the Plan which covered you for the shorter time.

Effect on the Benefits of This Plan

This section applies when, in accordance with the order of benefit determination rules, This Plan is a Secondary Plan in relationship to one or more other Plans. In that event, the benefits of This Plan may be reduced under this section. Such other Plan or Plans are referred to below as "the other Plans."

The benefits of This Plan will be reduced when the Allowable Expenses in a Claim Determination Period are less than the sum of:

1. The benefits that would be payable for the Allowable Expenses under This Plan in the absence of this section; and
2. The benefits that would be payable for the Allowable Expenses under the other Plans, in the absence of provisions with a purpose like that of this section, whether or not claim is made.

In that case, the benefits of This Plan will be reduced so that they and the benefits payable under the other Plans do not total more than those Allowable Expenses.

When the benefits of This Plan are reduced as described above, each benefit is reduced in proportion. It is then charged against any applicable benefit limit of This Plan.

Right to Receive and Release Needed Information

Certain facts are needed to apply these rules. We have the right to decide which facts we need. We may obtain needed facts from, or give them to, any other organization or person. We need not tell or obtain your consent to do this. Each person claiming benefits under This Plan must give us any facts we need to pay the claim.

Facility of Payment

A payment made under another Plan may include an amount that should have been paid under This Plan. If it does, this Plan may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under This Plan. This Plan will not have to pay that amount again. The term "payment made" means reasonable cash value of the benefits provided in the form of services.

Right of Recovery

If the amount of the payments this Plan made is more than it should have paid under this section, this Plan may recover the excess from one or more of:

1. The persons this Plan paid or for whom this Plan has paid;
2. Insurance companies; or
3. Other organizations.

The "amount of payments made" includes the reasonable cash value of any benefits provided in the form of services.

Subrogation and Reimbursement

These Subrogation and Reimbursement provisions apply when the Plan pays benefits as a result of injuries or illnesses You sustained, and You have a right to a Recovery or have received a Recovery from any source.

Definitions

As used in these Subrogation and Reimbursement provisions, “You” or “Your” includes anyone on whose behalf the plan pays benefits. These Subrogation and Reimbursement provisions apply to all current or former plan participants and plan beneficiaries. The provisions also apply to the parents, guardian, or other representative of a dependent child who incurs claims and is or has been covered by the Plan. The Plan’s rights under these provisions shall also apply to the personal representative or administrator of Your estate, Your heirs or beneficiaries, minors, and legally incompetent or disabled persons. If the covered person is a minor, any amount recovered by the minor, the minor’s trustee, guardian, parent, or other representative, shall be subject to these Subrogation and Reimbursement provisions. Likewise, if the covered person’s relatives, heirs, and/or assignees make any Recovery because of injuries sustained by the covered person, or because of the death of the covered person, that Recovery shall be subject to this provision, regardless of how any Recovery is allocated or characterized.

As used in these Subrogation and Reimbursement provisions, “Recovery” includes, but is not limited to, monies received from any person or party, any person’s or party’s liability insurance coverage, uninsured motorist coverage, underinsured motorist coverage, personal umbrella coverage, workers’ compensation insurance or fund, premises medical payments coverage, restitution, or “no-fault” or personal injury protection insurance and/or automobile medical payments coverage, or any other first or third party insurance coverage, whether by lawsuit, settlement or otherwise. Regardless of how You or Your representative or any agreements allocate or characterize the money You receive as a Recovery, it shall be subject to these provisions.

Subrogation

Immediately upon paying or providing any benefit under the Plan, the Plan shall be subrogated to, or stand in the place of, all of Your rights of recovery with respect to any claim or potential claim against any party, due to an injury, illness or condition to the full extent of benefits provided or to be provided by the Plan. The Plan has the right to recover payments it makes on Your behalf from any party or insurer responsible for compensating You for Your illnesses or injuries. The Plan has the right to take whatever legal action it sees fit against any person, party, or entity to recover the benefits paid under the Plan. The Plan may assert a claim or file suit in Your name and take appropriate action to assert its subrogation claim, with or without Your consent. The Plan is not required to pay You part of any recovery it may obtain, even if it files suit in Your name.

Reimbursement

If You receive any payment as a result of an injury, illness or condition, You agree to reimburse the Plan first from such payment for all amounts the Plan has paid and will pay as a result of that injury, illness or condition, up to and including the full amount of Your recovery. If You obtain a Recovery and the Plan has not been repaid for the benefits the Plan paid on Your behalf, the Plan shall have a right to be repaid from the Recovery in the amount of the benefits paid on Your behalf. You must promptly reimburse the Plan from any Recovery to the extent of benefits the Plan paid on Your behalf regardless of whether the payments You receive make You whole for Your losses, illnesses and/or injuries.

Secondary to Other Coverage

The Plan shall be secondary in coverage to any medical payments provision, no-fault automobile insurance policy, or personal injury protection policy regardless of any election made by You to the contrary. The Plan shall also be secondary to any excess insurance policy, including, but not limited to, school and/or athletic policies. This provision applies notwithstanding any coordination of benefits term to the contrary.

Assignment

In order to secure the Plan's rights under these Subrogation and Reimbursement Provisions, You agree to assign to the Plan any benefits or claims or rights of recovery You have under any automobile policy or other coverage, to the full extent of the Plan's subrogation and reimbursement claims. This assignment allows the Plan to pursue any claim You may have regardless of whether You choose to pursue the claim.

Applicability to All Settlements and Judgments

Notwithstanding any allocation or designation of Your Recovery made in any settlement agreement, judgment, verdict, release, or court order, the Plan shall have a right of full recovery, in first priority, against any Recovery You make. Furthermore, the Plan's rights under these Subrogation and Reimbursement provisions will not be reduced due to Your own negligence. The terms of these Subrogation and Reimbursement provisions shall apply and the Plan is entitled to full recovery regardless of whether any liability for payment is admitted and regardless of whether the terms of any settlement, judgment, or verdict pertaining to Your Recovery identify the medical benefits the Plan provided or purport to allocate any portion of such Recovery to payment of expenses other than medical expenses. The Plan is entitled to recover from any Recovery, even those designated as being for pain and suffering, non-economic damages, and/or general damages only.

Constructive Trust

By accepting benefits from the Plan, You agree that if You receive any payment as a result of an injury, illness or condition, You will serve as a constructive trustee over those funds. You and Your legal representative must hold in trust for the Plan the full amount of the Recovery to be paid to the Plan immediately upon receipt. Failure to hold such funds in trust will be deemed a breach of your fiduciary duty to the Plan. Any Recovery You obtain must not be dissipated or disbursed until such time as the Plan has been repaid in accordance with these Subrogation and Reimbursement provisions.

Lien Rights

The Plan will automatically have a lien to the extent of benefits paid by the Plan for the treatment of Your illness, injury or condition upon any Recovery related to treatment for any illness, injury or condition for which the Plan paid benefits. The lien may be enforced against any party who possesses funds or proceeds from Your Recovery including, but not limited to, you, your representative or agent, and/or any other source possessing funds from Your Recovery. You and Your legal representative acknowledge that the portion of the Recovery to which the Plan's equitable lien applies is a Plan asset. The Plan shall be entitled to equitable relief, including without limitation restitution, the imposition of a constructive trust or an injunction, to the extent necessary to enforce the Plan's lien and/or to obtain (or preclude the transfer, dissipation or disbursement of) such portion of any Recovery in which the Plan may have a right or interest.

First-Priority Claim

By accepting benefits from the Plan, You acknowledge the Plan's rights under these Subrogation and Reimbursement provisions are a first priority claim and are to be repaid to the Plan before You receive any Recovery for your damages. The Plan shall be entitled to full reimbursement on a first-dollar basis from any Recovery, even if such payment to the Plan will result in a Recovery which is insufficient to make You whole or to compensate You in part or in whole for the losses, injuries, or illnesses You sustained. The "made-whole" rule does not apply. To the extent that the total assets from which a Recovery is available are insufficient to satisfy in full the Plan's subrogation claim and any claim held by You, the Plan's subrogation claim shall be first satisfied before any part of a Recovery is applied to Your claim, Your attorney fees, other expenses or costs. The Plan is not responsible for any attorney fees, attorney liens, other expenses or costs You incur. The "common fund" doctrine does not apply to any funds recovered by any attorney You hire regardless of whether funds recovered are used to repay benefits paid by the Plan.

Cooperation

You agree to cooperate fully with the Plan's efforts to recover benefits paid. The duty to cooperate includes, but is not limited, to the following:

- You must promptly notify the Plan of how, when and where an accident or incident resulting in personal injury or illness to You occurred, all information regarding the parties involved and any other information requested by the Plan.
- You must notify the plan within 30 days of the date when any notice is given to any party, including an insurance company or attorney, of Your intention to pursue or investigate a claim to recover damages or obtain compensation due to Your injury, illness or condition.
- You must cooperate with the Plan in the investigation, settlement and protection of the Plan's rights. In the event that You or Your legal representative fails to do whatever is necessary to enable the Plan to exercise its subrogation or reimbursement rights, the Plan shall be entitled to deduct the amount the Plan paid from any future benefits under the Plan.
- You and your agents shall provide all information requested by the Plan, the Claims Administrator or its representative including, but not limited to, completing and submitting any applications or other forms or statements as the Plan may reasonably request and all documents related to or filed in personal injury litigation.
- You recognize that to the extent that the Plan paid or will pay benefits under a capitated agreement, the value of those benefits for purposes of these provisions will be the reasonable value of those payments or the actual paid amount, whichever is higher.
- You must not do anything to prejudice the Plan's rights under these Subrogation and Reimbursement provisions. This includes, but is not limited to, refraining from making any settlement or recovery that attempts to reduce or exclude the full cost of all benefits provided by the Plan.
- You must send the Plan copies of all police reports, notices or other papers received in connection with the accident or incident resulting in personal injury or illness to You.
- You must promptly notify the Plan if You retain an attorney or if a lawsuit is filed on Your behalf.
- You must immediately notify the Plan if a trial is commenced, if a settlement occurs or if potentially dispositive motions are filed in a case.

In the event that You or Your legal representative fails to do whatever is necessary to enable the Plan to exercise its rights under these Subrogation and Reimbursement provisions, the Plan shall be entitled to deduct the amount the Plan paid from any future benefits under the Plan.

If You fail to repay the Plan, the Plan shall be entitled to deduct any of the unsatisfied portion of the amount of benefits the Plan has paid or the amount of Your Recovery whichever is less, from any future benefit under the Plan if:

1. The amount the Plan paid on Your behalf is not repaid or otherwise recovered by the Plan; or
2. You fail to cooperate.

In the event You fail to disclose the amount of Your settlement to the Plan, the Plan shall be entitled to deduct the amount of the Plan's lien from any future benefit under the Plan.

The Plan shall also be entitled to recover any of the unsatisfied portion of the amount the Plan has paid or the amount of Your Recovery, whichever is less, directly from the Providers to whom the Plan has made payments on Your behalf. In such a circumstance, it may then be Your obligation to pay the Provider the full billed amount, and the Plan will not have any obligation to pay the Provider or reimburse You.

You acknowledge the Plan has the right to conduct an investigation regarding the injury, illness or condition to identify potential sources of recovery. The Plan reserves the right to notify all parties and their agents of its lien. Agents include, but are not limited to, insurance companies and attorneys.

You acknowledge the Plan has notified you that it has the right pursuant to the Health Insurance Portability & Accountability Act ("HIPAA"), 42 U.S.C. Section 1301 *et seq*, to share Your personal health information in exercising these Subrogation and Reimbursement provisions.

The Plan is entitled to recover its attorney's fees and costs incurred in enforcing its rights under these Subrogation and Reimbursement provisions.

Discretion

The Plan Administrator has sole discretion to interpret the terms of the Subrogation and Reimbursement provisions of this Plan in its entirety and reserves the right to make changes as it deems necessary.

Your Right to Appeal

We want your experience with us to be as positive as possible. There may be times, however, when you have a complaint, problem, or question about your Plan or a service you have received. In those cases, please contact Member Services by calling the number on the back of your ID Card.

For purposes of these Appeal provisions, “claim for benefits” means a request for benefits under the Plan. The term includes both pre-service and post-service claims.

- A pre-service claim is a claim for benefits under the Plan for which you have not received the benefit or for which you may need to obtain approval in advance.
- A post-service claim is any other claim for benefits under the Plan for which you have received the service.

If your claim is denied or if your coverage is rescinded:

- You will be provided with a written notice of the denial or rescission; and
- You are entitled to a full and fair review of the denial or rescission.

The procedure we will follow will satisfy the requirements for a full and fair review under applicable federal regulations.

Notice of Adverse Benefit Determination

If your claim is denied, our notice of the adverse benefit determination (denial) will include:

- information sufficient to identify the claim involved;
- the specific reason(s) for the denial;
- a reference to the specific Plan provision(s) on which the our determination is based;
- a description of any additional material or information needed to perfect your claim;
- an explanation of why the additional material or information is needed;
- a description of the Plan’s review procedures and the time limits that apply to them.
- information about any internal rule, guideline, protocol, or other similar criterion relied upon in making the claim determination and about your right to request a copy of it free of charge, along with a discussion of the claims denial decision;
- information about the scientific or clinical judgment for any determination based on Medical Necessity or Experimental treatment, or about your right to request this explanation free of charge, along with a discussion of the claims denial decision; and
- information regarding your potential right to an External Appeal.

For claims involving urgent/concurrent care:

- our notice will also include a description of the applicable urgent/concurrent review process; and
- we may notify you or your authorized representative within 72 hours orally and then furnish a written notification.

Appeals

You have the right to appeal an adverse benefit determination (claim denial or rescission of coverage). You or your authorized representative must file your appeal within 180 calendar days after you are notified of the denial or rescission. You will have the opportunity to submit written comments, documents, records, and other information supporting your claim. Our review of your claim will take into account all information you submit, regardless of whether it was submitted or considered in the initial benefit determination.

We shall offer a single mandatory level of appeal and an additional voluntary second level of appeal which may be a panel review, independent review, or other process consistent with the entity reviewing the appeal. The time frame allowed for us to complete our review is dependent upon the type of review involved (e.g. pre-service, concurrent, post-service, urgent, etc.).

For pre-service claims involving urgent/concurrent care, you may obtain an expedited appeal. You or your authorized representative may request it orally or in writing. All necessary information, including our decision, can be sent between us and you by telephone, facsimile or other similar method. To file an appeal for a claim involving urgent/concurrent care, you or your authorized representative must contact us at the number shown on your identification card and provide at least the following information:

- the identity of the claimant;
- The date (s) of the medical service;
- the specific medical condition or symptom;
- the Provider's name;
- the service or supply for which approval of benefits was sought; and
- any reasons why the appeal should be processed on a more expedited basis.

All other requests for appeals should be submitted in writing by the Member or the Member's authorized representative, except where the acceptance of oral appeals is otherwise required by the nature of the *appeal* (e.g. urgent care). You or your authorized representative must submit a request for review to:

Anthem Blue Cross and Blue Shield, ATTN: Appeals, P.O. Box 105568; Atlanta, GA 30348-5568.

You must include Your Member Identification Number when submitting an appeal.

Upon request, we will provide, without charge, reasonable access to, and copies of, all documents, records, and other information relevant to your claim. "Relevant" means that the document, record, or other information:

- was relied on in making the benefit determination; or
- was submitted, considered, or produced in the course of making the benefit determination; or
- demonstrates compliance with processes and safeguards to ensure that claim determinations are made in accordance with the terms of the Plan, applied consistently for similarly-situated claimants; or
- is a statement of the Plan's policy or guidance about the treatment or benefit relative to your diagnosis.

We will also provide you, free of charge, with any new or additional evidence considered, relied upon, or generated in connection with your claim. In addition, before you receive an adverse benefit determination on review based on a new or additional rationale, we will provide you, free of charge, with the rationale.

For Out of State Appeals You have to file Provider appeals with the Host Plan. This means Providers must file appeals with the same plan to which the claim was filed.

How Your Appeal will be Decided

When we consider your appeal, we will not rely upon the initial benefit determination or, for voluntary second-level appeals, to the earlier appeal determination. The review will be conducted by an appropriate reviewer who did not make the initial determination and who does not work for the person who made the initial determination. A voluntary second-level review will be conducted by an appropriate reviewer who did not make the initial determination or the first-level appeal determination and who does not work for the person who made the initial determination or first-level appeal determination.

If the denial was based in whole or in part on a medical judgment, including whether the treatment is Experimental, Investigational, or not Medically Necessary, the reviewer will consult with a health care professional who has the appropriate training and experience in the medical field involved in making the judgment. This health care professional will not be one who was consulted in making an earlier determination or who works for one who was consulted in making an earlier determination.

Notification of the Outcome of the Appeal

If you appeal a claim involving urgent/concurrent care, we will notify you of the outcome of the appeal as soon as possible, but not later than 72 hours after receipt of your request for appeal.

If you appeal any other pre-service claim, we will notify you of the outcome of the appeal within 30 days after receipt of your request for appeal.

If you appeal a post-service claim, we will notify you of the outcome of the appeal within 60 days after receipt of your request for appeal.

Appeal Denial

If your appeal is denied, that denial will be considered an adverse benefit determination. The notification from us will include all of the information set forth in the above section entitled "Notice of Adverse Benefit Determination."

If we fail to resolve the appeal with the required time, you may pursue external review as described later in this section. This option is not available, however, if our failure to resolve the appeal is due to a de minimus violation that does not cause harm to you or is not likely to cause prejudice or harm to you, if the delay is for good cause or due to matters beyond our control, and is part of an ongoing, good faith exchange of information between you and us.

Voluntary Second Level Appeals

If you are dissatisfied with the mandatory first level appeal decision, a voluntary second level appeal may be available. If you would like to initiate a second level appeal, please write to the address listed above. Voluntary appeals must be submitted within 60 calendar days of the denial of the first level appeal. You are not required to complete a voluntary second level appeal prior to submitting a request for an independent External Review.

External Review

If the outcome of the mandatory first level appeal is adverse to you and it was based on medical judgment, or if it pertained to a rescission of coverage, you may be eligible for an independent External Review. You must submit your request for External Review to us within four (4) months of the notice of your final internal adverse determination.

A request for an External Review must be in writing unless we determine that it is not reasonable to require a written statement. You do not have to re-send the information that you submitted for internal appeal. However, you are encouraged to submit any additional information that you think is important for review.

For pre-service claims involving urgent/concurrent care, you may proceed with an Expedited External Review without filing an internal appeal or while simultaneously pursuing an expedited appeal through our internal appeal process. You or your authorized representative may request it orally or in writing. All necessary information, including our decision, can be sent between us and you by telephone, facsimile or other similar method. To proceed with an Expedited External Review, you or your authorized representative must contact us at the number shown on your identification card and provide at least the following information:

- the identity of the claimant;
- The date (s) of the medical service;
- the specific medical condition or symptom;
- the Provider's name;
- the service or supply for which approval of benefits was sought; and
- any reasons why the appeal should be processed on a more expedited basis.

All other requests for External Review should be submitted in writing unless we determine that it is not reasonable to require a written statement. Such requests should be submitted by you or your authorized representative to:

Anthem Blue Cross and Blue Shield, ATTN: Appeals, P.O. Box 105568; Atlanta, GA 30348-5568.

You must include Your Member Identification Number when submitting an appeal.

This is not an additional step that you must take in order to fulfill your appeal procedure obligations described above. Your decision to seek External Review will not affect your rights to any other benefits under this health care Plan. There is no charge for you to initiate an independent External Review. The External Review decision is final and binding on all parties except for any relief available through applicable state laws.

Requirement to file an Appeal before filing a lawsuit

No lawsuit or legal action of any kind related to a benefit decision may be filed by you in a court of law or in any other forum, unless it is commenced within one year of the Plan's final decision on the claim or other request for benefits. If the Plan decides an appeal is untimely, the Plan's latest decision on the merits of the underlying claim or benefit request is the final decision date. You must exhaust the internal Appeals Procedure but not including any voluntary level of appeal, before filing a lawsuit or taking other legal action of any kind against the Plan.

We reserve the right to modify the policies, procedures and timeframes in this section upon further clarification from Department of Health and Human Services and Department of Labor.

Eligibility and Enrollment – Adding Members

In this section you will find information on who is eligible for coverage under this Plan and when Members can be added to your coverage. Eligibility requirements are described in general terms below. For more specific information, please see your Human Resources or Benefits Department.

Who is Eligible for Coverage

The Subscriber

To be eligible to enroll as a Subscriber, the individual must:

- Be an employee, member, or retiree of the Employer, and
- Be entitled to participate in the benefit Plan arranged by the Employer;
- Have satisfied any probationary or waiting period established by the Employer and (for non-retirees) perform the duties of your principal occupation for the Employer.

Dependents

To be eligible to enroll as a Dependent, you must be listed on the enrollment form completed by the Subscriber, meet all Dependent eligibility criteria established by the Employer, and be one of the following:

- The Subscriber's spouse. For information on spousal eligibility please contact the Employer.
- The Subscriber's or the Subscriber's spouse's children, including natural children, stepchildren, newborn and legally adopted children and children who the Employer has determined are covered under a Qualified Medical Child Support Order or any applicable state law.
- Children for whom the Subscriber or the Subscriber's spouse is a legal guardian or as otherwise required by law.
- A child of a covered Dependent (i.e., a grandchild of the covered Subscriber or the Subscriber's covered spouse) until the Dependent child reaches age eighteen (18).

All enrolled eligible children will continue to be covered until the age limit listed in the Schedule of Benefits. Coverage may be continued past the age limit in either of following circumstances:

- For those already enrolled unmarried Dependents who cannot work to support themselves due to a mental or physical impairment. The Dependent's impairment must start before the end of the period they would become ineligible for coverage. We must be informed of the Dependent's eligibility for Continuation of Coverage within 31 days after the Dependent would normally become ineligible. You must then give proof as often as we require. This will not be more often than once a year after the two-year period following the child reaching the limiting age. You must give the proof at no cost to us. You must notify us if the Dependent's marital status changes and they are no longer eligible for continued coverage.
- For an unmarried Dependent child who was called to active duty in the National Guard or in a reserve component of the United States armed forces prior to age 27 and is currently a full-time student, regardless of age. The Dependent child cannot be eligible for coverage under his/her employer's group health plan unless the premium for that coverage is greater than the premium charged for a Dependent under this Plan. Coverage will end when the child ceases to be a full-time student,

marries, or becomes eligible for a group health plan for which the premium is less than the premium charged a Dependent under this Plan.

You may be required to give proof of continued eligibility for any enrolled child. Your failure to give this information could result in termination of a child's coverage.

To obtain coverage for children, you may be required to give us a copy of any legal documents awarding guardianship of such child(ren) to you.

For newly acquired Dependents, if you make such written request within 31 days of the Dependents' eligibility date, coverage will become effective for those Dependents on their eligibility date or the first day of the month following the date the application is received. Newborns, adopted children or children placed for adoption can only be added on the date of birth, adoption, or placement for adoption.

Types of Coverage

Your Employer offers the enrollment options listed below. After reviewing the available options, you may choose the option that best meets your needs. The options are as follows:

- Subscriber only (also referred to as single coverage);
- Subscriber and family.

When You Can Enroll

Initial Enrollment

The Employer will offer an initial enrollment period to new Subscribers and their Dependents when the Subscriber is first eligible for coverage. Coverage will be effective based on the waiting period chosen by the Employer, and will not exceed 90 days.

If you did not enroll yourself and/or your Dependents during the initial enrollment period you will only be able to enroll during an Open Enrollment period or during a Special Enrollment period, as described below.

Open Enrollment

Open Enrollment refers to a period of time, usually 60 days, during which eligible Subscribers and Dependents can apply for or change coverage. Open Enrollment occurs only once per year. The Employer will notify you when Open Enrollment is available.

Special Enrollment Periods

If a Subscriber or Dependent does not apply for coverage when they were first eligible, they may be able to join the Plan prior to Open Enrollment if they qualify for Special Enrollment. Except as noted otherwise below, the Subscriber or Dependent must request Special Enrollment within 31 days of a qualifying event.

Special Enrollment is available for eligible individuals who:

- Lost eligibility under a prior health plan for reasons other than non-payment of Fees or due to fraud or intentional misrepresentation of a material fact;
- Exhausted Continuation of Coverage benefits or stopped receiving group contributions toward the cost of the prior health plan;
- Lost employer contributions towards the cost of the other coverage;
- Are now eligible for coverage due to marriage, birth, adoption, or placement for adoption.

Important Notes about Special Enrollment:

- Members who enroll during Special Enrollment are **not** considered Late Enrollees.
- Individuals must request coverage within 31 days of a qualifying event (i.e., marriage, exhaustion of Continuation of Coverage, etc.).

Medicaid and Children's Health Insurance Program Special Enrollment

Eligible Subscribers and Dependents may also enroll under two additional circumstances:

- The Subscriber's or Dependent's Medicaid or Children's Health Insurance Program (CHIP) coverage is terminated as a result of loss of eligibility; or
- The Subscriber or Dependent becomes eligible for a subsidy (state premium assistance program).

The Subscriber or Dependent must request Special Enrollment within 60 days of the above events.

BadgerCare

If the Wisconsin Department of Health and Family Services agrees to buy coverage under this Plan for you instead of enrolling you in the state's Medical Assistance Program (under s. 49.472, Wis. Stat.), BadgerCare (under s. 49.665, Wis. Stat.), or BadgerCare Plus (under s. 49.471, Wis. Stat.), you will have 60 days from the date of their decision to apply for this coverage. If we get your completed application within 60 days, we will enroll you on the first of the month after the date we get your application.

Late Enrollees

If the Subscriber does not enroll themselves and/or their Dependents when first eligible or during a Special Enrollment period, they will not be eligible to enroll until the next Open Enrollment Period.

Members Covered Under the Employer's Prior Plan

Members who were previously enrolled under another plan offered by the Employer that is being replaced by this Plan are eligible for coverage on the Effective Date of this coverage.

Enrolling Dependent Children

Newborn Children

Newborn children are covered automatically from the moment of birth. Following the birth a child, you should submit an application / change form to the Employer within 60 days to add the newborn to your Plan.

Even if no additional Fees are required, you should still submit an application / change form to the Employer to add the newborn to your Plan, to make sure we have accurate records and are able to cover your claims.

If additional Fees are required, your newborn will only be covered from the date of birth if you notify the Employer of the birth and pay the additional Fee within 60 days of the birth or if you notify the Employer within one year of the birth, and pay all past due Fees plus interest at the rate of 5 1/2% per year.

Adopted Children

A child will be considered adopted from the earlier of: (1) the moment of placement in your home; or (2) the date of an entry of an order granting custody of the child to you. The child will continue to be considered adopted unless the child is removed from your home prior to issuance of a legal decree of adoption.

Your Dependent's Effective Date will be the date of the adoption or placement for adoption if you send the Employer the completed application / change form within 60 days of the event. If additional Fees are required, you must also pay the additional Fee within 60 days of the event.

Adding a Child due to Award of Legal Custody or Guardianship

If you or your spouse is awarded legal custody or guardianship for a child, an application must be submitted within 31 days of the date legal custody or guardianship is awarded by the court. Coverage will be effective on the date the court granted legal custody or guardianship.

Qualified Medical Child Support Order

If you are required by a qualified medical child support order or court order, as defined by applicable state or federal law, to enroll your child in this Plan, we will permit the child to enroll at any time without regard to any Open Enrollment limits and will provide the benefits of this Plan according to the applicable requirements of such order.

Your child will be covered under this Plan once we get the application from you, the child's other parent, the Department of Health and Family Services or the county designee under Wis. Stat. § 59.53 (5).

After the child is covered, and as long as you are eligible under this Plan, the child will continue to be covered unless we get satisfactory written evidence that the court order is no longer in effect or that the child has coverage under another group policy or individual policy that provides comparable health coverage.

If coverage is provided to a child of a Member who is not the custodial parent, we will do all of the following:

- Give the custodial parent information about the child's enrollment;
- Permit the custodial parent, a health care Provider that treats the child, or the Department of Health and Family Services to send in claims without the approval of the parent who is the Member; and
- Pay claims directly to the health care Provider, the custodial parent, or the Department of Health and Family Services, as appropriate.

A child's coverage will not extend beyond any Dependent Age Limit listed in the Schedule of Benefits.

Updating Coverage and/or Removing Dependents

You are required to notify the Employer of any changes that affect your eligibility or the eligibility of your Dependents for this Plan. When any of the following occurs, contact the Employer and complete the appropriate forms:

- Changes in address;
- Marriage or divorce;
- Death of an enrolled family member (a different type of coverage may be necessary);
- Enrollment in another health plan or in Medicare;
- Eligibility for Medicare;
- Dependent child reaching the Dependent Age Limit (see "Termination and Continuation of Coverage");
- Enrolled Dependent child either becomes totally or permanently disabled, or is no longer disabled.

Failure to notify the Employer of individuals no longer eligible for services will not obligate the Plan to cover such services, even if Fees are received for those individuals. All notifications must be in writing and on approved forms.

Nondiscrimination

No person who is eligible to enroll will be refused enrollment based on health status, health care needs, genetic information, previous medical information, disability, gender, or age.

Statements and Forms

All Members must complete and submit applications or other forms or statements that the Employer may reasonably request.

Any rights to benefits under this Plan are subject to the condition that all such information is true, correct, and complete. Any material misrepresentation by you may result in termination of coverage as provided in the "Termination and Continuation of Coverage" section. The Plan will not use a statement made by you to void your coverage after that coverage has been in effect for two years. This does not apply, however, to fraudulent misstatements.

Termination and Continuation of Coverage

Termination

Except as otherwise provided, your coverage may terminate in the following situations:

- When the Administrative Services Agreement between the Employer and us terminates. It will be the Employer's responsibility to notify you of the termination of coverage.
- If you choose to terminate your coverage.
- If you or your Dependents cease to meet the eligibility requirements of the Plan, subject to any applicable continuation requirements. If you cease to be eligible, you must notify the Employer immediately. You shall be responsible for payment for any services incurred by you after you cease to meet eligibility requirements.
- If you elect coverage under another carrier's health benefit plan, which is offered by the Employer as an option instead of this Plan, subject to the consent of the Employer. The Employer agrees to immediately notify us that you have elected coverage elsewhere.
- If you perform an act, practice, or omission that constitutes fraud or make an intentional misrepresentation of material fact, as prohibited by the terms of your Plan, your coverage and the coverage of your Dependents can be retroactively terminated or rescinded. A rescission of coverage means that the coverage may be legally voided back to the start of your coverage under the Plan, just as if you never had coverage under the Plan. You will be provided with a 30-calendar day advance notice with appeal rights before your coverage is retroactively terminated or rescinded. You are responsible for paying us for the cost of previously received services based on the Maximum Allowed Amount for such services, less any Copayments made or Fees paid for such services.
- If you fail to pay or fail to make satisfactory arrangements to pay your portion of the Fees, the Employer may terminate your coverage and may also terminate the coverage of your Dependents.
- If you permit the use of your or any other Member's Plan Identification Card by any other person; use another person's Identification Card; or use an invalid Identification Card to obtain services, your coverage will terminate immediately. Anyone involved in the misuse of a Plan Identification Card will be liable to and must reimburse the Plan for the Maximum Allowed Amount for services received through such misuse.

You will be notified in writing of the date your coverage ends by either us or the Employer.

Removal of Members

Upon written request through the Employer, you may cancel your coverage and/or your Dependent's coverage from the Plan. If this happens, no benefits will be provided for Covered Services after the termination date.

Second qualifying event

If your family has another qualifying event (such as a legal separation, divorce, etc.) during the initial 18 months of Continuation of Coverage, your Dependents can receive up to 18 additional months of Continuation of Coverage, for a maximum of 36 months from the original qualifying event. Such additional coverage is only available if the second qualifying event would have caused your Dependents to lose coverage under the Plan had the first qualifying event not occurred.

Notification Requirements

The Employer will offer Continuation of Coverage to qualified beneficiaries only after the Employer has been notified that a qualifying event has occurred. When the qualifying event is the end of employment or reduction of hours of employment, death of the Subscriber, commencement of a proceeding in bankruptcy with respect to the employer, or the Subscriber's becoming entitled to Medicare benefits (under Part A, Part B, or both), the Employer will notify the Continuation of Coverage Administrator (e.g., Human Resources or their external vendor) of the qualifying event.

You Must Give Notice of Some Qualifying Events

For other qualifying events (e.g., divorce or legal separation of the Subscriber and spouse or a Dependent child's losing eligibility for coverage as a Dependent child), you must notify the Employer within 60 days after the qualifying event occurs.

Electing Continuation of Coverage

To continue your coverage, you or an eligible family Member must make an election within 60 days of the date your coverage would otherwise end, or the date the company's benefit Plan Administrator notifies you or your family Member of this right, whichever is later. You must pay the total Fees appropriate for the type of benefit coverage you choose to continue. If the Fee rate changes for active associates, your monthly Fee will also change. The Fee you must pay cannot be more than 102% of the Fee charged for Employees with similar coverage, and it must be paid to the company's benefit plan administrator within 30 days of the date due, except that the initial Fee payment must be made before 45 days after the initial election for continuation coverage, or your continuation rights will be forfeited.

Disability extension of 18-month period of continuation coverage

For Subscribers who are determined, at the time of the qualifying event, to be disabled under Title II (OASDI) or Title XVI (SSI) of the Social Security Act, and Subscribers who become disabled during the first 60 days of Continuation of Coverage, may continue from 18 to 29 months. These Subscribers' Dependents are also eligible for the 18- to 29-month disability extension. (This also applies if any covered family Member is found to be disabled.) This would only apply if the qualified beneficiary gives notice of disability status within 60 days of the disabling determination. In these cases, the Employer can charge 150% of Fees for months 19 through 29. This would allow health coverage to be provided in the period between the end of 18 months and the time that Medicare begins coverage for the disabled at 29 months. (If a qualified beneficiary is determined by the Social Security Administration to no longer be disabled, such qualified beneficiary must notify the Plan Administrator of that fact in writing within 30 days after the Social Security Administration's determination.)

Trade Adjustment Act Eligible Individual

If you don't initially elect Continuation of Coverage and later become eligible for trade adjustment assistance under the U.S. Trade Act of 1974 due to the same event which caused you to be eligible initially for Continuation of Coverage under this Plan, you will be entitled to another 60-day period in which to elect Continuation of Coverage. This second 60-day period will commence on the first day of the month on which you become eligible for trade adjustment assistance. Continuation of Coverage elected during this second election period will be effective on the first day of the election period.

When Continuation of Coverage Ends

Continuation of Coverage benefits are available without proof of insurability and coverage will end on the earliest of the following:

- A covered individual reaches the end of the maximum coverage period;
- A covered individual fails to pay a required Fee on time;

- A covered individual becomes covered under any other group health plan after electing Continuation of Coverage. If the other group health plan contains any exclusion or limitation on a pre-existing condition that applies to you, you may continue Continuation of Coverage only until these limitations cease;
- A covered individual becomes entitled to Medicare after electing Continuation of Coverage; or
- The Employer terminates all of its group welfare benefit plans.

Other Coverage Options Besides Continuation of Coverage

Instead of enrolling in Continuation of Coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as a spouse's plan) through what is called a "special enrollment period." Some of these options may cost less than Continuation of Coverage. You can learn more about many of these options at www.healthcare.gov.

If You Have Questions

Questions concerning your Employer's health Plan and your Continuation of Coverage rights should be addressed to the Employer. For more information about your rights, including Continuation of Coverage, the Health Insurance Portability and Accountability Act (HIPAA), and other laws affecting group health plans, contact the nearest Regional or District Office of the U.S. Department of Labor's Employee Benefits Security Administration (EBSA) in your area or visit the EBSA website at www.dol.gov/ebsa. (Addresses and phone numbers of Regional and District EBSA Offices are available through EBSA's website.)

Continuation of Coverage Due To Military Service

Under the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA), the Subscriber or his / her Dependents may have a right to continue health care coverage under the Plan if the Subscriber must take a leave of absence from work due to military leave.

Employers must give a cumulative total of five years and in certain instances more than five years, of military leave.

"Military service" means performance of duty on a voluntary or involuntary basis and includes active duty, active duty for training, initial active duty for training, inactive duty training, and full-time National Guard duty.

During a military leave covered by USERRA, the law requires employers to continue to give coverage under this Plan to its Members. The coverage provided must be identical to the coverage provided to similarly situated, active employees and Dependents. This means that if the coverage for similarly situated, active employees and Dependents is modified, coverage for you (the individual on military leave) will be modified.

You may elect to continue to cover yourself and your eligible Dependents by notifying your employer in advance and submitting payment of any required contribution for health coverage. This may include the amount the employer normally pays on your behalf. If your military service is for a period of time less than 31 days, you may not be required to pay more than the active Member contribution, if any, for continuation of health coverage. For military leaves of 31 days or more, you may be required to pay up to 102% of the full cost of coverage, i.e., the employee and employer share.

The amount of time you continue coverage due to USERRA will reduce the amount of time you will be eligible to continue coverage under Continuation of Coverage.

Maximum Period of Coverage During a Military Leave

Continued coverage under USERRA will end on the earlier of the following events:

1. The date you fail to return to work with the Employer following completion of your military leave. Subscribers must return to work within:
 - a) The first full business day after completing military service, for leaves of 30 days or less. A reasonable amount of travel time will be allowed for returning from such military service.
 - b) 14 days after completing military service for leaves of 31 to 180 days,
 - c) 90 days after completing military service for leaves of more than 180 days; or
2. 24 months from the date your leave began.

Reinstatement of Coverage Following a Military Leave

Regardless of whether you continue coverage during your military leave, if you return to work your health coverage and that of your eligible Dependents will be reinstated under this Plan if you return within:

1. The first full business day of completing your military service, for leaves of 30 days or less. A reasonable amount of travel time will be allowed for returning from such military service;
2. 14 days of completing your military service for leaves of 31 to 180 days; or
3. 90 days of completing your military service for leaves of more than 180 days.

If, due to an illness or injury caused or aggravated by your military service, you cannot return to work within the time frames stated above, you may take up to:

1. Two years; or
2. As soon as reasonably possible if, for reasons beyond your control you cannot return within two years because you are recovering from such illness or injury.

If your coverage under the Plan is reinstated, all terms and conditions of the Plan will apply to the extent that they would have applied if you had not taken military leave and your coverage had been continuous. Any waiting / probationary periods will apply only to the extent that they applied before.

Please note that, regardless of the continuation and/or reinstatement provisions listed above, this Plan will not cover services for any illness or injury caused or aggravated by your military service, as indicated in the "What's Not Covered" section.

College Student Medical Leave

This section applies to Dependent students who were called to active duty in the National Guard or in a reserve component of the United States armed forces prior to age 27 and have now returned to school on a full-time basis.

If a Dependent student needs to reduce his/her course load or leave school due to a Medically Necessary leave of absence, the Dependent may be able to continue coverage in this Plan.

The date that the Dependent is no longer a full-time student is the date on which the continuation of coverage begins. The Plan may require proof from the Dependent's Physician that the leave of absence is Medically Necessity to determine if coverage should continue.

Coverage will continue until any of the following occurs:

1. The Employer is advised that the Dependent does not intend to return to school full time.
2. The Dependent becomes employed full time.
3. The Dependent gets other health care coverage.
4. The Dependent marries and is eligible for coverage under his or her spouse's health plan.
5. Coverage of the Member through whom the student has Dependent coverage under this Plan is discontinued or not renewed.
6. One year has passed since the continuation of coverage began and the Dependent has not returned to school full time.

Family and Medical Leave Act of 1993

A Subscriber who takes a leave of absence under the Family and Medical Leave Act of 1993 (the Act) will still be eligible for this Plan during their leave. We will not consider the Subscriber and his or her Dependents ineligible because the Subscriber is not at work.

If the Subscriber ends their coverage during the leave, the Subscriber and any Dependents who were covered immediately before the leave may be added back to the Plan when the Subscriber returns to work without medical underwriting. To be added back to the Plan, the Employer may have to give us evidence that the Family and Medical Leave Act applied to the Subscriber. We may require a copy of the health care Provider statement allowed by the Act.

General Provisions

Care Coordination

Anthem, as the Claims Administrator, pays In-Network Providers in various ways to provide Covered Services to you. For example, sometimes Anthem may pay In-Network Providers a separate amount for each Covered Service they provide. Anthem may also pay them one amount for all Covered Services related to treatment of a medical condition. Other times, Anthem may pay a periodic, fixed pre-determined amount to cover the costs of Covered Services. In addition, Anthem may pay In-Network Providers financial incentives or other amounts to help improve quality of care and/or promote the delivery of health care services in a cost-efficient manner, or compensate In-Network Providers for coordination of Member care. In some instances, In-Network Providers may be required to make payment to Anthem because they did not meet certain standards. You do not share in any payments made by In-Network Providers to Anthem under these programs.

Circumstances Beyond the Control of the Plan

If circumstances arise that are beyond the control of the Plan, we will make a good-faith effort to ensure Covered Services are available to you. Circumstances that may occur, but are not within the control of the Plan, include but are not limited to, a major disaster, epidemic, war, when health care services covered under this Plan are delayed or rendered impractical, or other events beyond our control. Under such circumstances, we will not be responsible for any delay or failure to give services due to lack of available Facilities or staff.

Clerical Error

A clerical error will never disturb or affect your coverage, as long as your coverage is valid under the rules of the Plan. This rule applies to any clerical error, regardless of whether it was the fault of the Employer or us.

Confidentiality and Release of Information

Applicable state and federal law requires us to undertake efforts to safeguard your medical information.

For informational purposes only, please be advised that a statement describing our policies and procedures regarding the protection, use and disclosure of your medical information is available on our website and can be furnished to you upon request by contacting our Member Services department.

Obligations that arise under state and federal law and policies and procedures relating to privacy that are referenced but not included in this Booklet are not part of the contract between the parties and do not give rise to contractual obligations.

Conformity with Law

Any term of the Plan which is in conflict with federal law, will hereby be automatically amended to conform with the minimum requirements of such laws.

Contract with Anthem

The Employer, on behalf of itself and its participants, hereby expressly acknowledges its understanding that this Plan constitutes a Contract solely between the Employer and us, Blue Cross Blue Shield of Wisconsin, dba Anthem Blue Cross and Blue Shield (Anthem), and that we are an independent

corporation licensed to use the Blue Cross and Blue Shield names and marks in the state of Wisconsin. The Blue Cross Blue Shield marks are registered by the Blue Cross and Blue Shield Association, an association of independently licensed Blue Cross and Blue Shield plans, with the U.S. Patent and Trademark Office in Washington, D.C. and in other countries. Further, we are not contracting as the agent of the Blue Cross and Blue Shield Association or any other Blue Cross and/or Blue Shield plan or licensee. The Employer, on behalf of itself and its participants, further acknowledges and agrees that it has not entered into this Contract based upon representations by any person other than Anthem Blue Cross and Blue Shield and that no person, entity, or organization other than Anthem shall be held accountable or liable to the Employer for any of Anthem's obligations to the Employer created under the Contract. This paragraph shall not create any additional obligations whatsoever on our part other than those obligations created under other terms of this agreement.

Employer's Sole Discretion

The Employer may, in its sole discretion, cover services and supplies not specifically covered by the Plan. This applies if the Employer, with advice from us (the Claims Administrator), determines such services and supplies are in lieu of more expensive services and supplies which would otherwise be required for the care and treatment of a Member.

Form or Content of Booklet

No agent or employee of ours is authorized to change the form or content of this Booklet. Changes can only be made through a written authorization, signed by an officer of the Employer.

Getting an Estimate of the Maximum Allowed Amount and Your Out-of-Pocket Costs

If you want to find out if a Provider's estimated charge is within the Maximum Allowed Amount and what your out-of-pocket cost would be, you can call Member Services. We will need you to give us certain details:

1. The name of the Provider who will give you the service;
2. The name of the place where you will get the service;
3. The date you will get the service;
4. The Provider's estimate of the charges; and
5. The codes for the service under the Current Procedural Terminology (CPT) or Current Dental Terminology (CDT). Your Provider can give you these details.

While we can give you this estimate before the service, the final Maximum Allowed Amount and out-of-pocket cost will be based on the final claim we get from your Provider.

Government Programs

The benefits under this Plan shall not duplicate any benefits that you are entitled to, or eligible for, under any other governmental program. This does not apply if any particular laws require us to be the primary payer. If the Plan has duplicated such benefits, all money paid by such programs to you for services you have or are receiving, shall be returned by or on your behalf to the Plan.

Medical Policy and Technology Assessment

Anthem reviews and evaluates new technology according to its technology evaluation criteria developed by its medical directors. Technology assessment criteria are used to determine the Experimental /

Investigational status or Medical Necessity of new technology. Guidance and external validation of Anthem's medical policy is provided by the Medical Policy and Technology Assessment Committee (MPTAC) which consists of approximately 20 Doctors from various medical specialties including Anthem's medical directors, Doctors in academic medicine and Doctors in private practice.

Conclusions made are incorporated into medical policy used to establish decision protocols for particular diseases or treatments and applied to Medical Necessity criteria used to determine whether a procedure, service, supply or equipment is covered.

Medicare

Any benefits covered under both this Plan and Medicare will be covered according to Medicare Secondary Payer legislation, regulations, and Centers for Medicare & Medicaid Services guidelines, subject to federal court decisions. Federal law controls whenever there is a conflict among state law, Booklet terms, and federal law.

Except when federal law requires the Plan to be the primary payer, the benefits under this Plan for Members age 65 and older, or Members otherwise eligible for Medicare, do not duplicate any benefit for which Members are entitled under Medicare, including Part B. Where Medicare is the responsible payer, all sums payable by Medicare for services provided to you shall be reimbursed by or on your behalf to the Plan, to the extent the Plan has made payment for such services. If you do not enroll in Medicare Part B when you are eligible, you may have large out-of-pocket costs. Please refer to [Medicare.gov](https://www.medicare.gov) for more details on when you should enroll, and when you are allowed to delay enrollment without penalties.

Member Rights and Responsibilities

The delivery of quality healthcare requires cooperation between patients, their Providers and their healthcare benefit plans. One of the first steps is for patients and Providers to understand Member rights and responsibilities. Therefore, Anthem Blue Cross and Blue Shield has adopted a Members' Rights and Responsibilities statement.

It can be found on our website FAQs. To access, go to [anthem.com](https://www.anthem.com) and select Member Support. Under the Support column, select FAQs and your state, then the "Laws and Rights That Protect You" category. Then click on the "What are my rights as a member?" question. Members or Providers who do not have access to the website can request copies by contacting Anthem, or by calling the number on the back of the Member ID Card.

Modifications

The Plan Sponsor may change the benefits described in this Benefit Booklet and the Member will be informed of such changes as required by law. This Benefit Booklet shall be subject to amendment, modification, and termination in accordance with any of its provisions by the Employer, or by mutual agreement between the Claims Administrator and the Employer without the consent or concurrence of any Member. By electing medical and Hospital benefits under the Plan or accepting the Plan benefits, all Members legally capable of contracting, and the legal representatives of all Members incapable of contracting, agree to all terms, conditions, and provisions hereof.

Not Liable for Provider Acts or Omissions

This Plan is not responsible for the actual care you receive from any person. This Booklet does not give anyone any claim, right, or cause of action against Anthem or the Plan based on the actions of a Provider of health care, services, or supplies.

Payment Innovation Programs

We, on behalf of the Employer, pay In-Network Providers through various types of contractual arrangements. Some of these arrangements – Payment Innovation Programs (Program(s)) – may include financial incentives to help improve quality of care and promote the delivery of health care services in a cost-efficient manner.

These Programs may vary in methodology and subject area of focus and may be modified by us from time to time, but they will be generally designed to tie a certain portion of an In-Network Provider's total compensation to pre-defined quality, cost, efficiency or service standards or metrics. In some instances, In-Network Providers may be required to make payment to us under the Program as a consequence of failing to meet these pre-defined standards.

The Programs are not intended to affect your access to health care. The Program payments are not made as payment for specific Covered Services provided to you, but instead, are based on the In-Network Provider's achievement of these pre-defined standards. You are not responsible for any Copayment or Coinsurance amounts related to payments made by us or to us under the Program(s), and you do not share in any payments made by Network Providers to us under the Program(s).

Policies, Procedures, and Pilot Programs

We, on behalf of the Employer, are able to introduce new policies, procedures, rules and interpretations, as long as they are reasonable. Such changes are introduced to make the Plan more orderly and efficient. Members must follow and accept any new policies, procedures, rules, and interpretations.

Under the terms of the Administrative Services Agreement, we, on behalf of the Employer, have the authority, in our discretion, to institute from time to time, pilot or test programs for utilization management, care management, case management, clinical quality, disease management or wellness initiatives in certain designated geographic areas. These pilot initiatives are part of our ongoing effort to find innovative ways to make available high quality and more affordable healthcare. A pilot initiative may affect some, but not all Members under the Plan. These programs will not result in the payment of benefits which are not provided in the Employer's Group Health Plan, unless otherwise agreed to by the Employer. We reserve the right to discontinue a pilot initiative at any time without advance notice to Employer.

Program Incentives

We, on behalf of the Employer, may offer incentives from time to time, at our discretion, in order to introduce you to covered programs and services available under this Plan. We may also offer, at our discretion, the ability for you to participate in certain voluntary health or condition-focused digital applications or use other technology based interactive tool, or receive educational information in order to help you stay engaged and motivated, manage your health, and assist in your overall health and well-being. The purpose of these programs and incentives include, but are not limited to making you aware of cost effective benefit options or services, helping you achieve your best health, and encouraging you to update member-related information. These incentives may be offered in various forms such as retailer coupons, gift cards, health related merchandise, and discounts on fees or Member cost shares. Acceptance of these incentives is voluntary as long as Anthem offers the incentives program. Motivational rewards, awards or points for achieving certain milestones may be a feature of the program. We may discontinue a program or an incentive for a particular covered program or service at any time. If you have any questions about whether receipt of an incentive or retailer coupon results in taxable income to you, we recommend that you consult your tax advisor.

Protected Health Information Under HIPAA

The Health Insurance Portability and Accountability Act of 1996 (HIPAA), and the Privacy Regulations issued under HIPAA, contain provisions designed to protect the privacy of certain individually identifiable health information. Your Employer's Group Health Plan has a responsibility under the HIPAA Privacy Regulations to provide you with a Notice of Privacy Practices. This notice sets forth the Employer's rules regarding the disclosure of your information and details about a number of individual rights you have under the Privacy Regulations. As the Claims Administrator of your Employer's Plan, Anthem has also adopted a number of privacy practices and has described those in its Privacy Notice. If you would like a copy of Anthem's Notice, contact the Member Services number on the back of your Identification Card.

Relationship of Parties (Employer-Member-Anthem)

The Employer is fiduciary agent of the Member. Our notice to the Employer will constitute effective notice to the Member. It is the Employer's duty to notify us of eligibility data in a timely manner. This Plan is not responsible for payment of Covered Services of Members if the Employer fails to provide us with timely notification of Member enrollments or terminations.

Relationship of Parties (Anthem and In-Network Providers)

The relationship between Anthem and In-Network Providers is an independent contractor relationship. In-Network Providers are not agents or employees of ours, nor is Anthem, or any employee of Anthem, an employee or agent of In-Network Providers.

Your health care Provider is solely responsible for all decisions regarding your care and treatment, regardless of whether such care and treatment is a Covered Service under this Plan. We shall not be responsible for any claim or demand on account of damages arising out of, or in any manner connected with, any injuries suffered by you while receiving care from any In-Network Provider or in any In-Network Provider's Facilities.

Your In-Network Provider's agreement for providing Covered Services may include financial incentives or risk sharing relationships related to the provision of services or referrals to other Providers, including In-Network Providers, Out-of-Network Providers, and disease management programs. If you have questions regarding such incentives or risk sharing relationships, please contact your Provider or us.

Employer's Sole Discretion

The Employer may, in its sole discretion, cover services and supplies not specifically covered by the Plan. This applies if the Employer, with advice from us (the Claims Administrator), determines such services and supplies are in lieu of more expensive services and supplies which would otherwise be required for the care and treatment of a Member.

Reservation of Discretionary Authority

We, as the Claims Administrator, shall have all the powers necessary or appropriate to enable us to carry out our duties in connection with the operation of the Plan and interpretation of the Benefit Booklet. This includes, without limitation, the power to construe the Administrative Services Agreement, to determine questions arising under the Plan, to resolve Member Appeals and to make, establish and amend the rules, regulations and procedures with regard to the interpretation of the Benefit Booklet of the Plan. A specific limitation or exclusion will override more general benefit language. We have complete discretion to interpret the Benefit Booklet. Our determination may include, without limitation, determination of

whether the services, treatment, or supplies are Medically Necessary, Experimental/Investigative, whether surgery is cosmetic, and whether charges are consistent with the Plan's Maximum Allowed Amount. A Member may utilize all applicable Appeals procedures.

Right of Recovery and Adjustment

Whenever payment has been made in error, the Plan will have the right to recover such payment from you or, if applicable, the Provider. In the event the Plan recovers a payment made in error from the Provider or otherwise make appropriate adjustment to claims. In most instances such recovery or adjustment activity shall be limited to the calendar year in which the error is discovered.

We, as the Claims Administrator, have oversight responsibility for compliance with Provider and vendor contracts. We may enter into a settlement or compromise regarding enforcement of these contracts and may retain any recoveries made from a Provider or vendor resulting from these audits if the return of the overpayment is not feasible. Additionally, we have established recovery and adjustment policies to determine which recoveries and adjustments are to be pursued, when to incur costs and expenses and settle or compromise recovery or adjustment amounts. We will not pursue recoveries for overpayments or adjustments for underpayments if the cost of the activity exceeds the overpayment or underpayment amount. The Claims Administrator reserves the right to deduct or offset, including cross plan offsetting on In-Network claims and on Out-Of-Network claims where the Out-Of-Network Provider agrees to cross plan offsetting, any amounts paid in error from any pending or future claim.

Unauthorized Use of Identification Card

If you permit your Identification Card to be used by someone else or if you use the card before coverage is in effect or after coverage has ended, you will be liable for payment of any expenses incurred resulting from the unauthorized use. Fraudulent misuse could also result in termination of the coverage.

Value-Added Programs

We may offer health or fitness related programs to the Plan's Members, through which Members may access discounted rates from certain vendors for products and services available to the general public. Products and services available under this program are not Covered Services under your Plan but are in addition to Plan benefits. As such, program features are not guaranteed under your Plan and could be discontinued at any time. We do not endorse any vendor, product or service associated with this program. Program vendors are solely responsible for the products and services you receive.

Value of Covered Services

For purposes of subrogation, reimbursement of excess benefits, or reimbursement under any Workers' Compensation or Employer Liability Law, the value of Covered Services shall be the amount the Plan paid for the Covered Services.

Voluntary Clinical Quality Programs

The Plan may offer additional opportunities to assist you in obtaining certain covered preventive or other care (e.g., well child check-ups or certain laboratory screening tests) that you have not received in the recommended timeframe. These opportunities are called voluntary clinical quality programs. They are designed to encourage you to get certain care when you need it and are separate from Covered Services under your Plan. These programs are not guaranteed and could be discontinued at any time. The Plan will give you the choice and if you choose to participate in one of these programs, and obtain the recommended care within the program's timeframe, you may receive incentives such as gift cards or retailer coupons, which the Plan encourages you to use for health and wellness related activities or

items. Under other clinical quality programs, you may receive a home test kit that allows you to test for immediate results or collect the specimen for certain covered laboratory tests at home and mail it to the laboratory for processing. You may also be offered a home visit appointment to collect such specimens and complete biometric screenings. You may need to pay any cost shares that normally apply to such covered laboratory tests (e.g., those applicable to the laboratory processing fee) but will not need to pay for the home test kit or the home visit. If you have any questions about whether receipt of a gift card or retailer coupon results in taxable income to you, we recommend that you consult your tax advisor.

Voluntary Wellness Incentive Programs

We may offer health or fitness related program options for purchase by your Employer to help you achieve your best health. These programs are not Covered Services under your Plan, but are separate components, which are not guaranteed under this Plan and could be discontinued at any time. If your Employer has selected one of these options to make available to all employees, you may receive incentives such as gift cards by participating in or completing such voluntary wellness promotion programs as health assessments, weight management or tobacco cessation coaching. Under other options an Employer may select, you may receive such incentives by achieving specified standards based on health factors under wellness programs that comply with applicable law. If you think you might be unable to meet the standard, you might qualify for an opportunity to earn the same reward by different means. You may contact us at the Member Services number on your ID card and we will work with you (and, if you wish, your Doctor) to find a wellness program with the same reward that is right for you in light of your health status. (If you receive a gift card as a wellness reward and use it for purposes other than for qualified medical expenses, this may result in taxable income to you. For additional guidance, please consult your tax advisor.)

Waiver

No agent or other person, except an authorized officer of the Employer, is able to disregard any conditions or restrictions contained in this Booklet, to extend the amount of time for making a payment to the Plan, or to bind the Plan by making any promise or representation or by giving or receiving any information.

Workers' Compensation

The benefits under this Plan are not designed to duplicate benefits that you are eligible for under Workers' Compensation Law. All money paid or owed by Workers' Compensation for services provided to you shall be paid back by, or on your behalf of to the Plan if it has made or makes payment for the services received. It is understood that coverage under this Plan does not replace or affect any Workers' Compensation coverage requirements.

Definitions

If you have questions on any of these definitions, please call Member Services at the number on the back of your Identification Card.

An unexpected Injury for which you need Covered Services while enrolled in this Plan. It does not include injuries that you get benefits for under any Workers' Compensation, Employer's liability or similar law.

Authorized Service(s)

A Covered Service you get from an Out-of-Network Provider that we, on behalf of the Employer, have agreed to cover at the In-Network level. You will have to pay any In-Network Deductible, Coinsurance, and/or Copayment(s) that apply, and may also have to pay the difference between the Maximum Allowed Amount and the Out-of-Network Provider's charge unless your claim is a Surprise Billing Claim. Please see the "Claims Payment" section as well as the "Consolidated Appropriations Act of 2021 Notice" at the front of this Booklet for more details.

Benefit Period

The length of time the Plan will cover benefits for Covered Services. For Calendar Year plans, the Benefit Period starts on January 1st and ends on December 31st. For Plan Year plans, the Benefit Period starts on your Employer's effective or renewal date and lasts for 12 months. (See your Employer for details.) The Schedule of Benefits shows if your Plan's Benefit Period is a Calendar Year or a Plan Year. If your coverage ends before the end of the year, then your Benefit Period also ends.

Benefit Period Maximum

The most the Plan will cover for a Covered Service during a Benefit Period.

Booklet

This document (also called the Benefit Booklet), which describes the terms of your benefits. It is part of the Plan offered by your Employer.

Centers of Medical Excellence (COE) Network

A network of health care facilities, which have been selected to give specific services to our Members based on their experience, outcomes, efficiency, and effectiveness. For example, if your Plan lists 20% Coinsurance on office visits, and the Maximum Allowed Amount is \$100, your Coinsurance would be \$20 after you meet the Deductible. The Plan would then cover the rest of the Maximum Allowed Amount. See the "Schedule of Benefits" for details. Your Coinsurance will not be reduced by any refunds, rebates, or any other form of negotiated post-payment adjustments.

Consolidated Appropriations Act of 2021

Your Copayment will be the lesser of the amount shown in the Schedule of Benefits or the Maximum Allowed Amount.

Covered Procedure

Any procedure, treatment, supply, device, equipment, Facility, or Drug (all services), that we or our designee finds does **NOT**:

- Have final approval from the appropriate government regulatory body; or
- Have enough scientific evidence to draw conclusions about the effect of the service on your health; or
- Improve your health; or
- Have as many benefits as other options; or
- Show improvement outside the investigational setting.

We will consider if the product or service is accepted in the organized medical community.

You can find out if a service is Experimental or Investigational before you get it. To do this, call us at the number on the back of your ID Card and we will send you our decision within 5 working days. If we give written approval for service, benefits will be paid if you are covered by the Plan and if the approval has not expired when the service is given to you.

Medical Necessity (Medically Necessary)

Health care services, procedures, supplies, equipment, Drugs, or habilitation services, that are needed to prevent, diagnose or treat an illness, injury, condition, disease or its symptoms, which we conclude are:

- 1) Appropriate for the symptoms, diagnosis, or treatment of a medical condition; and
- 2) Given for the diagnosis or direct care and treatment of the medical condition; and
- 3) Within the standards of good medical practice within the organized medical community; and
- 4) Not mainly for the convenience of the Doctor or another Provider, and the most appropriate procedure, supply, equipment, or service which can be safely given.

The most appropriate procedure, supply, equipment, Drug, or service must meet the following requirements:

- 1) There must be valid scientific evidence to show that the expected health benefits from the procedure, supply, equipment, Drug, or service are clinically significant and will have a greater chance of benefit, without a disproportionately greater risk of harm or complications, than other possible treatments; and
- 2) Generally approved forms of treatment that are less invasive have been tried and did not work or are were otherwise unsuitable; and
- 3) For Hospital stays, acute care as an Inpatient is needed due to the kind of services the patient needs or the severity of the medical condition, and that safe and adequate care cannot be given as an outpatient or in a less intensive medical setting.

The most appropriate procedure, supply, equipment, Drug or service must also be cost-effective compared to other alternative interventions, including no intervention or the same intervention in an alternative setting. Cost effective does not always mean lowest cost. It does mean that as to the diagnosis or treatment of your illness, injury or disease, the service is: (1) not more costly than another service or group of services that is medically appropriate, or (2) the service is performed in the least costly setting that is medically appropriate. For example, we will not provide coverage for an inpatient admission for surgery if the surgery could have been performed on an outpatient basis or an infusion or injection of a specialty drug provided in the outpatient department of a hospital if the drug could be provided in a Physician's office or the home setting.
